

Rose Run Creek - New Albany, OH

BECOME A WATER QUALITY PARTNER

Join over 100 local businesses who have pledged to do their part to keep Franklin County's waterways clean.

Do your part for your community and the environment by pledging to take part in simple practices. Your business will receive public recognition on our website and social media. You'll also receive access to continuing education on how your business can help water quality!

You can make a difference!

Business owners and managers care about their communities. One way to be a good neighbor is to be a good steward of natural resources, including local streams and rivers.

Scan to Pledge!

It's easier than ever to be a Water Quality Partner!

You can now pledge online at:

Franklin Soil and Water Conservation District

Creating Conservation Solutions for Over 70 Years

1404 Goodale Blvd., Suite 100
Columbus, Ohio 43212
(614) 486-9613

NON-PROFIT
U.S. POSTAGE
PAID
COLUMBUS, OH
PERMIT NO. 1568

WHAT YOU CAN DO:

Carefully follow instructions for the use, storage and cleanup of household and hazardous chemicals to help keep them out of our water supplies.

Maintain dumpsters, grease traps, and trash cans to prevent leaks and spills from entering storm drains.

Implement landscape practices to prevent fertilizer, soil and salt from entering storm drains.

Remember: storm drains outlet directly to our rivers and streams!

District programs and services are offered on a non-discriminatory basis.
