General Analysis

Revenue Analysis

Expenditure Analysis

Investments

Introduction

The purpose of this report is to summarize the financial position of the City of New Albany (City) on a monthly basis using year-to-date (YTD) and prior year information for comparison purposes. The document is comprised of two major sections:

1. General Fund analysis
2. All Funds analysis

Each section contains graphs with supporting analysis. In the appendices are supporting financial documentation relating to the analysis. Within each section, financial information is displayed at the following levels:

1. Fund
2. Revenue
3. Expense

The General Fund section contains additional data used to measure and assess the City's financial condition. The goal is to emphasize the General Fund as the best overall indicator of the financial health of the City and to utilize All Funds for a more holistic view.

Upon review of the information provided, the finance department is available to answer questions or provide additional data. Please do not hesitate to submit your request via email to cfuller@newalbanyohio.org or phone at (614) 855-3913.

Respectfully Submitted,

Chad E. Fuller, Finance Director

General Fund Section — SUMMARY OF FINANCIAL RESULTS

CASH BALANCE

1. Chart 1 illustrates a positive YTD variance (\$1,028,217) between revenue and expenses. During the month of September, transfers totaling \$2,834,000 were made to the Capital Equipment Replacement, Severance Liability, and Infrastructure Replacement Funds. Our current carryover balance is 8.2% above our target of 60.0% annual revenues or \$10,800,000. With only one month remaining, we are likely to have another \$1,000,000 to transfer into our surplus funds or cash to fund a capital improvement project.

REVENUE

1. Chart 2 shows a YTD increase in adjusted revenue sources of \$1,184,343 (7.4%) driven by a 12.7% increase in income taxes. Property taxes were impacted by a one-time rollback revenue adjustment.
2. Chart 3 provides a very good illustration of the 12.7% YTD increase in income tax collections. The bulk of the increase was realized in May but all other months have stabilized slightly ahead of the trend. October and November offset one another as October was unusually low and November was unusually high. This is most likely related to the timing of receipts.
3. Charts 4 and 5 provide additional detail of the income tax collections by type. Withholdings are the best indicator of strength and stability. It is a positive sign to see YTD withholdings have increased 22.7%. Growth in withholdings are indicative of wage and job growth. Net profits are down 11.1% and individuals income tax has declined by 4.5%. The pie chart titled 'Normal' in Chart 5 shows the historical average breakdown of income tax collections. At this time, we can see a return of income tax strength and stability as YTD results reveal a distribution within the normal range of 71.9% withholdings, 8.8% net profits, and 19.3% individuals. For the past several years, withholdings have comprised a lower percentage of the total.
4. Chart 2 illustrates the difference in YTD income tax gains of 12.7% compared with total revenue gains of 7.4%. The growth in income taxes is positive and most important for analysis purposes. Income taxes comprise 85.4% of total revenue, making them the primary area of focus. Additionally, the other categories can fluctuate on a monthly basis throughout the year. To date, we have witnessed strength in hotel taxes and intergovernmental revenue, and weakness in the final three more volatile categories of service charges, fines and permits, and other.

EXPENSES

1. YTD expenses have increased 2.0%, which compares favorably to the 7.4% growth in revenue. Currently, expenses are at 74.1% of the budget with only one month remaining. Personnel expenses have grown 9.3% YTD due to an increase in police and service staffing levels. These initiatives were part of our plan for 2016 in order to better align staffing with service demand. Salary expenses are 79.5% of the budget. Going forward, we do not expect this level of personnel growth. As expected, additional staffing enabled us to reduce YTD contractual services by an inverse 10.6%

General Fund Section — SUMMARY OF FINANCIAL RESULTS - Cont.

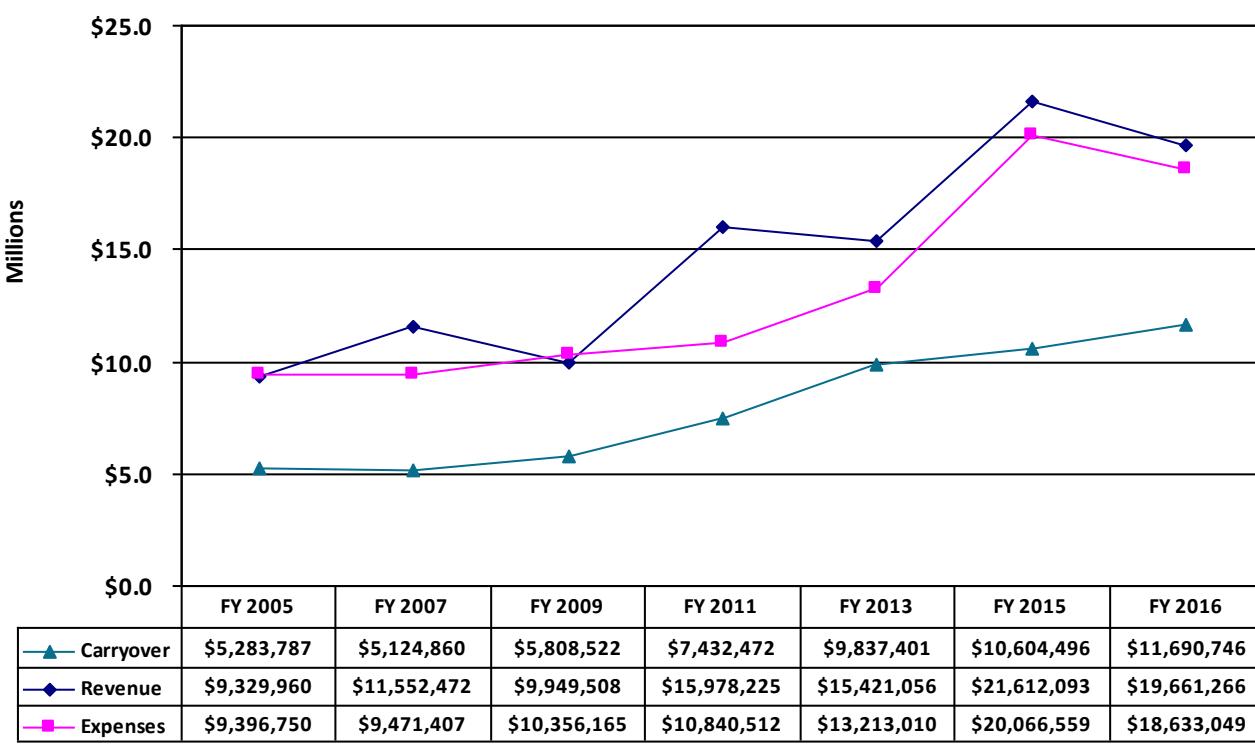

ALL FUNDS

- When examining income tax at the All Funds level, the results are consistent with the General Fund. Chart 7 illustrates the All Funds breakdown of income tax collections. Inclusion of the Business Park results in a 16.3% increase in withholdings. This is a reminder of how important the International Business Park is to the City of New Albany. This growth points to wage and job growth within the Park. Net profits within the Business Park experienced a year over year decline of (33.5%). These figures warrant additional monitoring as the results could be related to HB5 and will likely negatively impact 2017 estimates. Chart 8 reveals growth in all EOZ areas within the business park reaffirming the theory of wage and job growth. As anticipated the largest growth is occurring in Oak Grove II at 74.6%.

General Fund Section — CASH BALANCE

CHART 1: General Fund—Revenue, Expenses, and Carryover

(Additional Data can be found in Appendix A: General Fund Monthly Cash Flow)

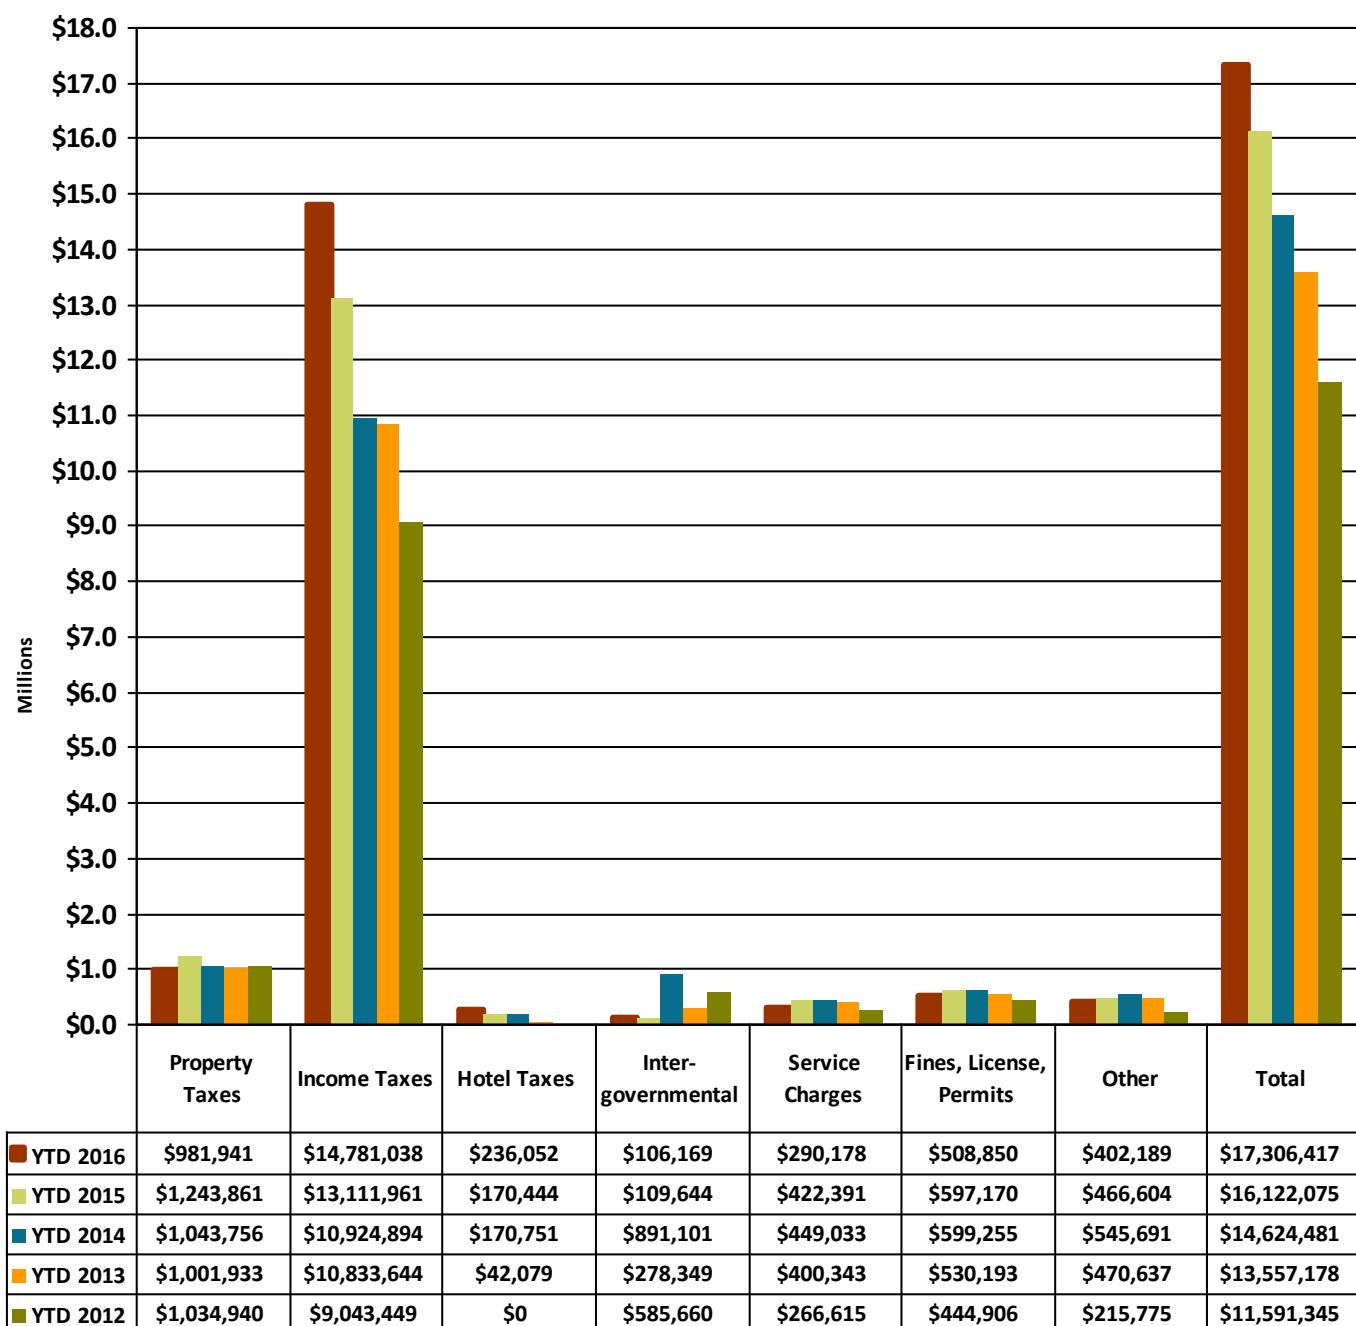

Historically, the city has maintained a positive variance between revenue and expenses, which has allowed the city to maintain a target carryover balance of 60% annual revenue as established by an ongoing sensitivity analysis. Furthermore, the City has been able to redirect additional surplus dollars to the Infrastructure Replacement, Severance Liability, and Capital Equipment Replacement funds to address the long-term needs of the city.

General Fund Section — REVENUE

CHART 2: General Fund—Revenue Sources

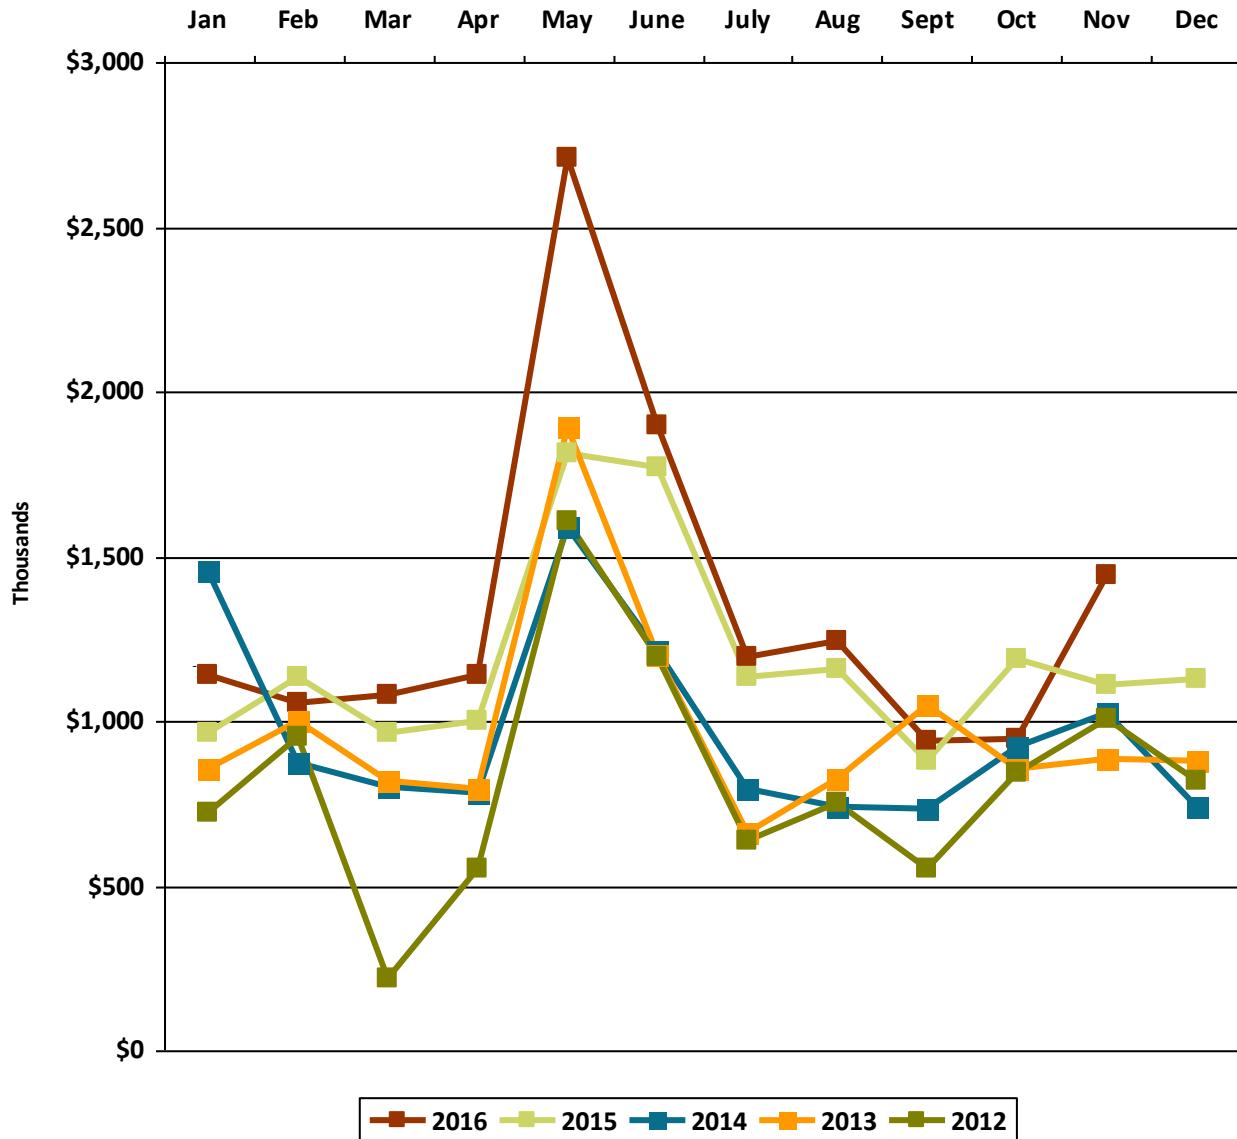

(Additional Data can be found in Appendix A: General Fund YTD Revenue Analysis)

General Fund Section — REVENUE

CHART 3: General Fund Income Tax Revenue (All Types) - Monthly

Additional Data can be found in Appendix A: General Fund Income Tax Trend Analysis

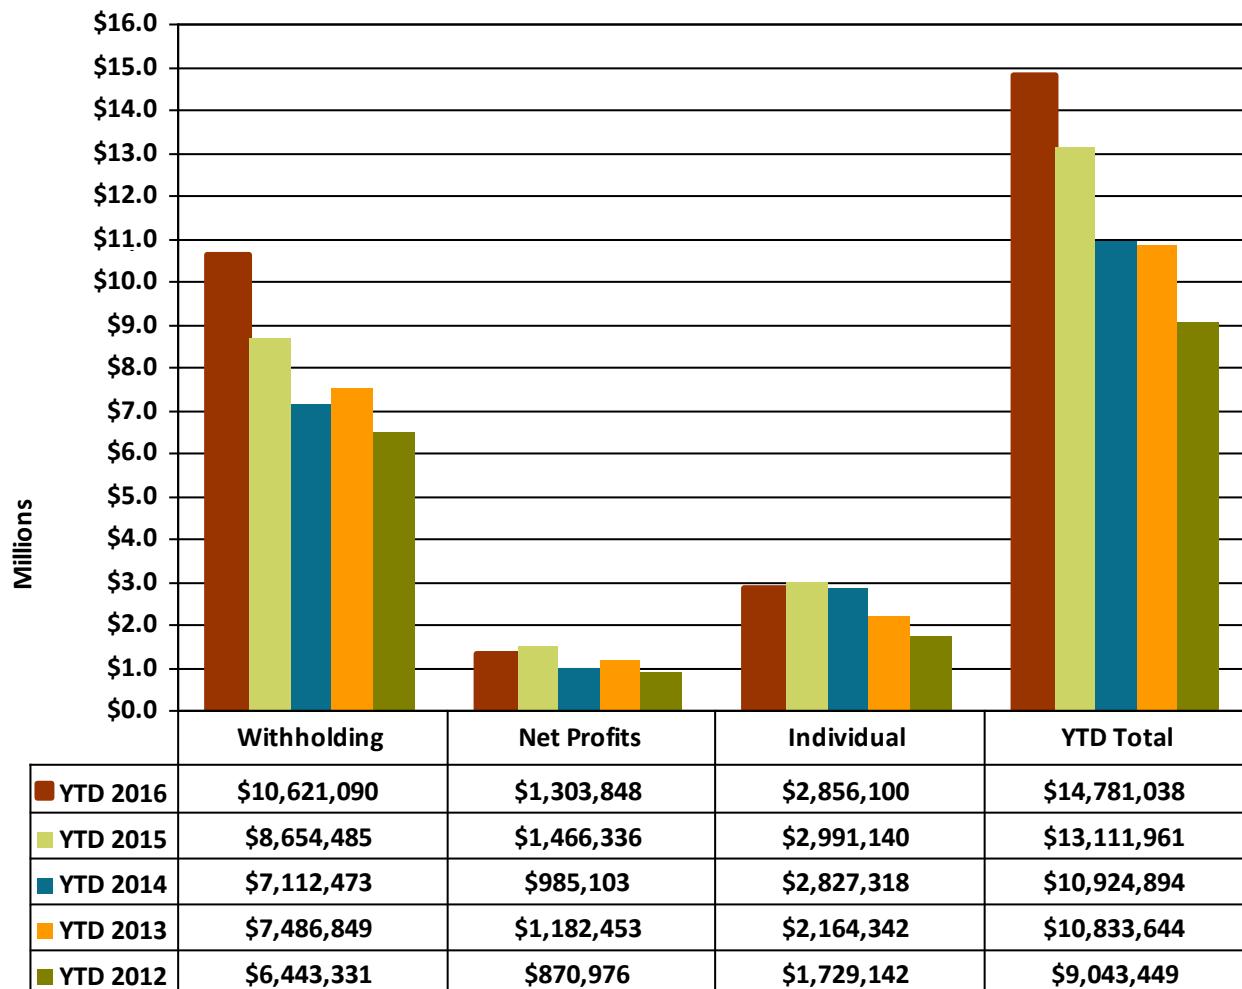

Each line represents a year of Income Tax collections. The points along each line represent the individual months of collections. 2016 is represented by the maroon line.

The points of January 2014, February 2012, August 2015, and December 2015 are outliers based upon the overall trend.

General Fund Section — REVENUE

CHART 4: General Fund Total Income Tax Collections by Type

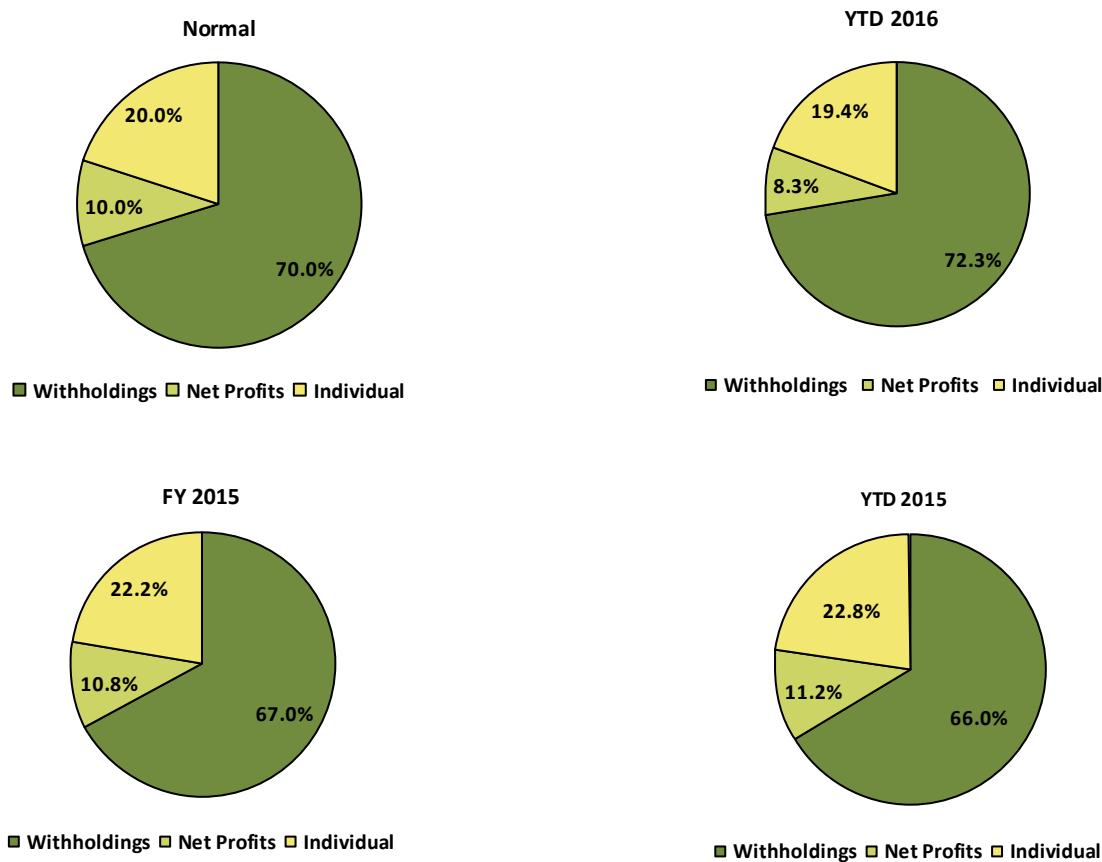

Additional Data can be found in Appendix A: General Fund YTD Revenue Analysis

General Fund Section — REVENUE

CHART 5: General Fund Total Income Tax Distribution

Additional Data can be found in Appendix A: General Fund YTD Revenue Analysis

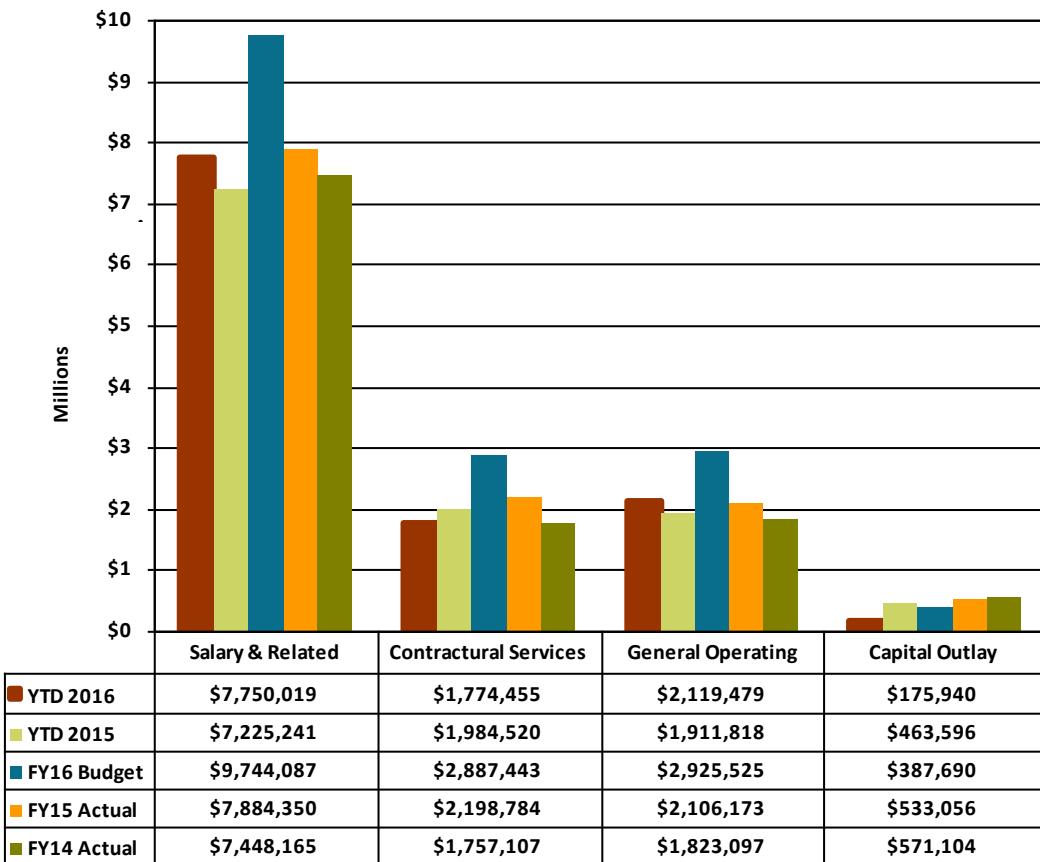

The pie chart titled ‘Normal’ shows the historical average breakdown of Income Tax collections. It is reasonable to assume a downward shift in withholdings due to the ongoing increase in individual collections.

General Fund Section — EXPENSE

CHART 6: General Fund Expenditures by Category

Additional Data can be found in Appendix A: General Fund YTD Expenditure Analysis

All Funds Section — SUMMARY OF FINANCIAL RESULTS

Long Term Analysis

All funds other than the General Fund fall into four major fund types:

1. Special Revenue — a fund with a specific revenue source like a grant or TIF project with restricted expenditure requirements
2. Debt Service — the fund used for principal and interest payments for city borrowings
3. Capital Project — a fund used to pay for capital projects or infrastructure
4. Agency — a fund used for collection and distribution purposes (In/Out)

The **YTD Fund Balance Detail**, found in Appendix B, provides information on the financial position of these funds.

The Economic Opportunity Zones (EOZ) funds are useful in obtaining a holistic view of income tax collections. The City has revenue sharing agreements with the New Albany Community Authority, City of Columbus, New Albany-Plain Local School District, Johnstown-Monroe Local School District, and Licking Heights Local School District. Income tax collections within the EOZ are identified and shared based on the revenue sharing agreements for that area. Income taxes realized outside of the EOZs are distributed as follows:

| | |
|--------------------------|-----|
| 101—General Fund | 88% |
| 401—Capital Improvements | 10% |
| 404—Park Improvements | 2% |

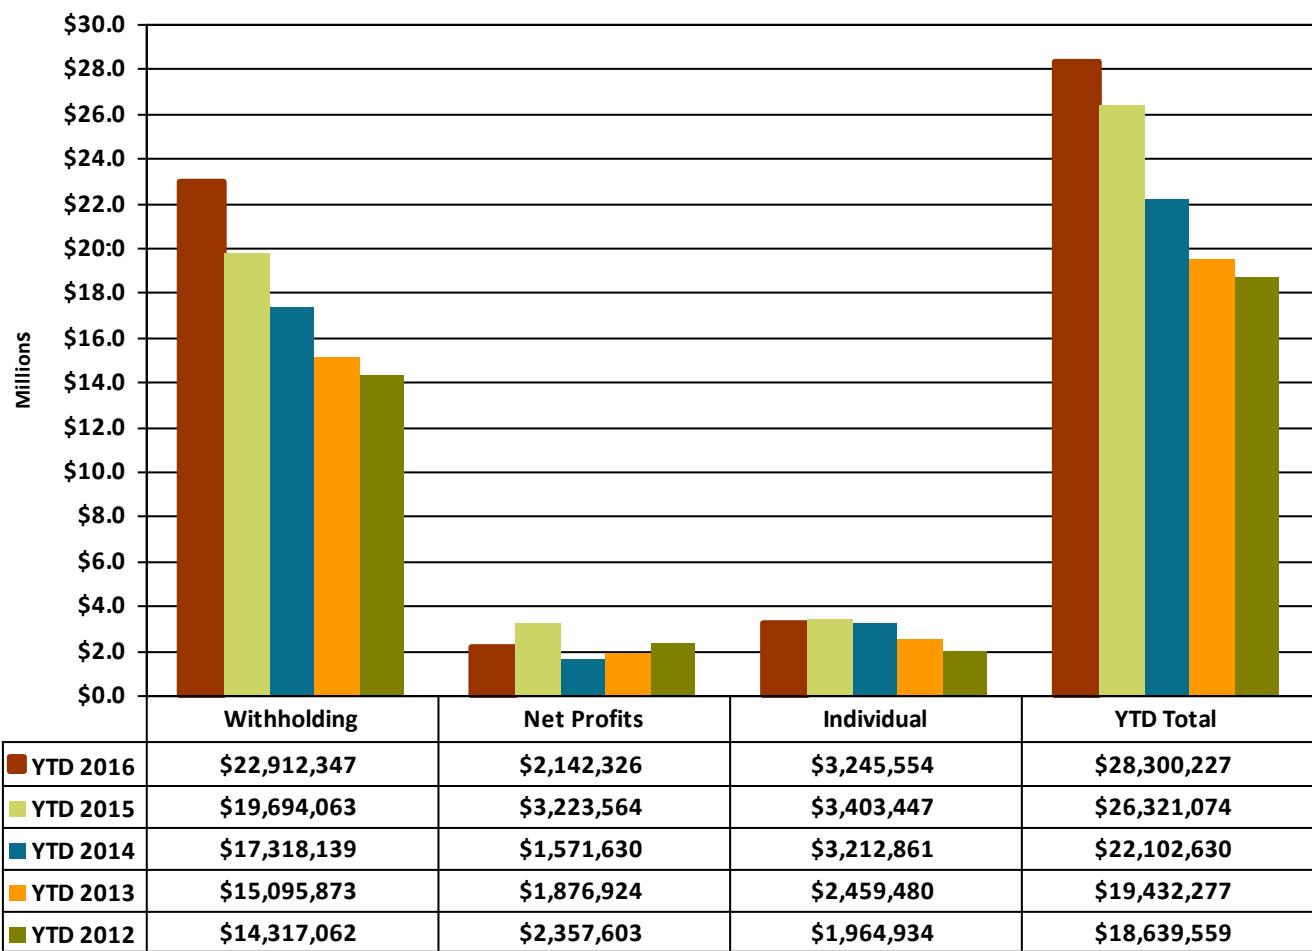

Income tax revenues from the EOZs are distributed as follows depending upon slight variations in the revenue sharing agreements:

| | |
|--------------------------------|--------|
| New Albany General Fund | 20-35% |
| School District (s) | 35% |
| New Albany Community Authority | 0-50% |
| Infrastructure Fund | 0-30% |
| City of Columbus | 0-26% |

All Funds Section — REVENUE

CHART 7: All Funds Total Income Tax Collections by Type

Additional Data can be found in Appendix B: All Funds YTD Revenue Analysis

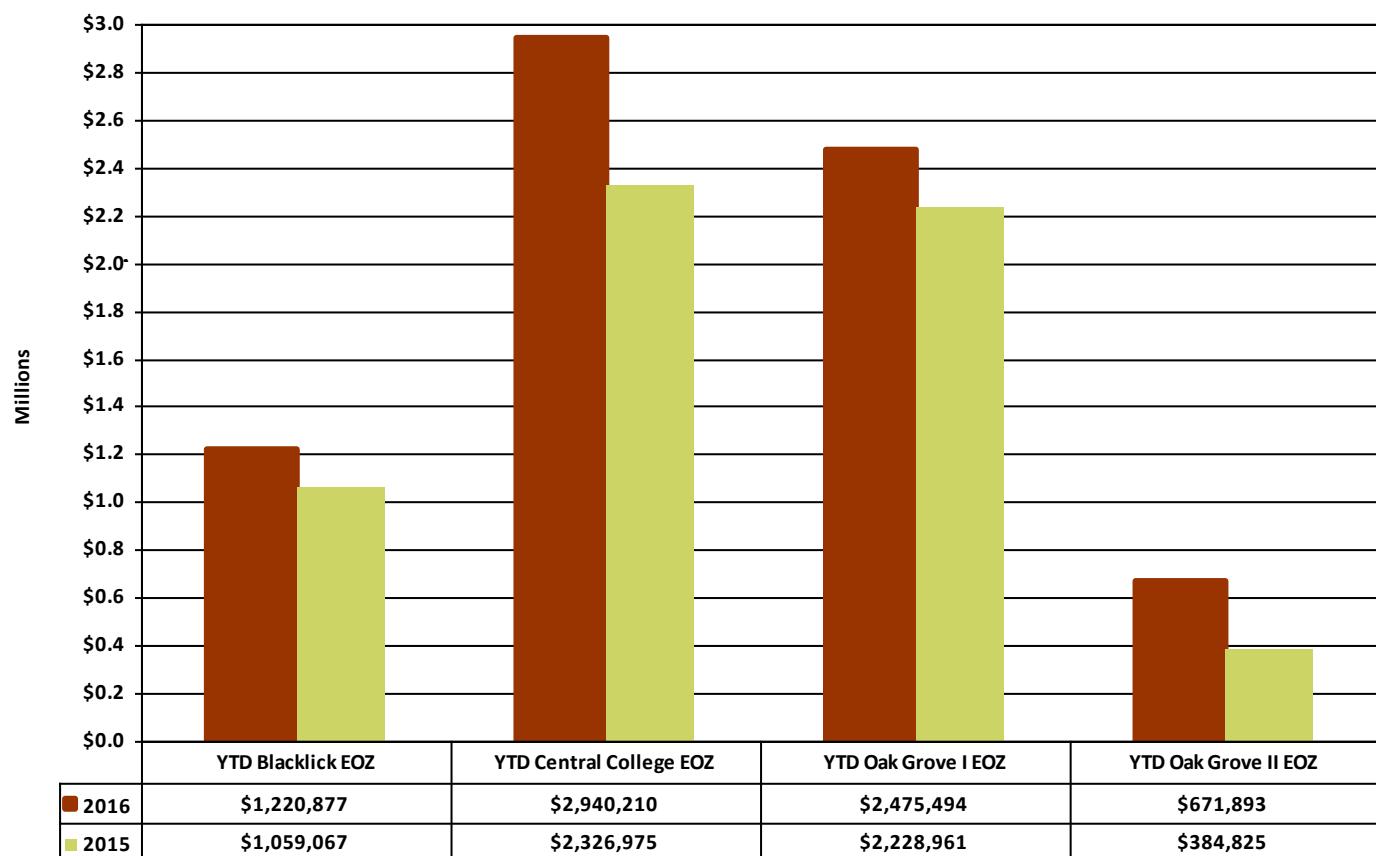

When examining income tax from an All Funds level, the results are consistent with the General Fund yet representative of the Business Park environment.

All Funds Section — REVENUE

CHART 8: EOZ Revenue Sharing YTD 2015 –vs– YTD 2016

Additional Data can be found in Appendix B: New Albany EOZ Revenue Sharing

The EOZ areas provide insight into the breakdown of income tax collections within the Business Park.
