Inside This Issue:

General Analysis

Revenue Analysis

Expenditure Analysis

Investments

Introduction

The purpose of this report is to summarize the financial position of the City of New Albany (City) on a monthly basis using year-to-date (YTD) and prior year information for comparison purposes. The document is comprised of two major sections:

1. General Fund analysis
2. All Funds analysis

Each section contains graphs with supporting analysis. In the appendices are supporting financial documentation relating to the analysis. Within each section, financial information is displayed at the following levels:

1. Fund
2. Revenue
3. Expense

The General Fund section contains additional data used to measure and assess the City's financial condition. The goal is to emphasize the General Fund as the best overall indicator of the financial health of the City and to utilize All Funds for a more holistic view. A summary of Investments is also included.

Upon review of the information provided, the finance department is available to answer questions or provide additional data. Please do not hesitate to submit your request via email to bstaats@newalbanyohio.org or phone at (614) 855-3913.

Respectfully *Submitted*,

Bethany Staats, CPA, Finance Director

General Fund Section — SUMMARY OF FINANCIAL RESULTS

CASH BALANCE

1. Chart 1 illustrates a positive YTD variance of \$4,956,847 between revenue (\$20,594,085) and expenses (\$15,637,238).

REVENUE

1. Chart 2 shows a YTD increase in revenue of \$2,096,514 or 11.33%, which is primarily attributed to income tax collections. Income tax collections are \$16,736,828 year-to-date, which is a 9.87% increase from 2018. Chart 3 provides a monthly illustration of these collections.
2. Chart 4 breaks down income tax collections by type. Withholdings are the best indicator of income tax stability. Withholdings in the General fund are greater than 2018 and are marginally higher than receipts dating back to 2015. The growth from 2015 to 2019 can be attributed to the recovering economy and increasing development in the City.
3. Chart 5 provides additional insight into income tax collections by type. The pie chart entitled 'Normal' shows the historical average breakdown of income tax collections for the prior three years.

EXPENSE

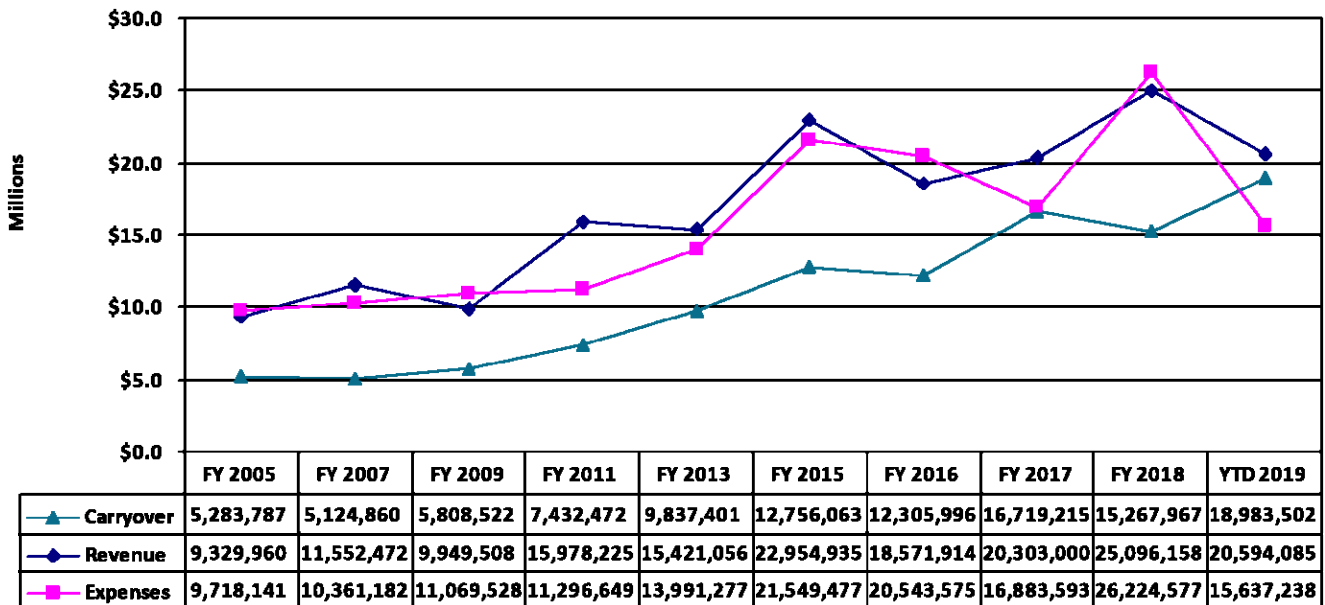

1. YTD expenses excluding transfers and advances are 10.45% greater than last year with most of the increase attributed to both the operating and contract services and personal services categories, which is partially due to the timing of entering contracts and services being performed, and also increases in collective bargaining agreements and the results of a compensation study implemented.
2. The adopted appropriations as amended are reflected in the 2019 budget amounts. The General Fund has utilized 60.75% of the appropriations to date for 2019.

ALL FUNDS

1. When examining income tax at the All Funds level, all collections are consistent with the General Fund yet representative of the Business Park environment. Inclusion of the Business Park results in a 11.99% increase in withholding compared to an increase of 9.87% in the General Fund, year to date. 2018 was a record setting year in regards to income tax growth. As in recent years, the increase year to date in 2019 is significant, even in comparison to a record setting prior year. These revenues will be continuously monitored and evaluated at the end of the year to determine any transfers from the General Fund to supplement different capital projects or reserve funding.
2. Chart 8 shows the EOZ areas and provides insight into the breakdown of tax collections within the Business Park from which the City distributes between the General, Capital Improvement and Park Improvement funds.

General Fund Section — CASH BALANCE

CHART 1: General Fund—Revenue, Expenses, and Carryover
(Additional Data can be found in Appendix A: General Fund Monthly Cash Flow)

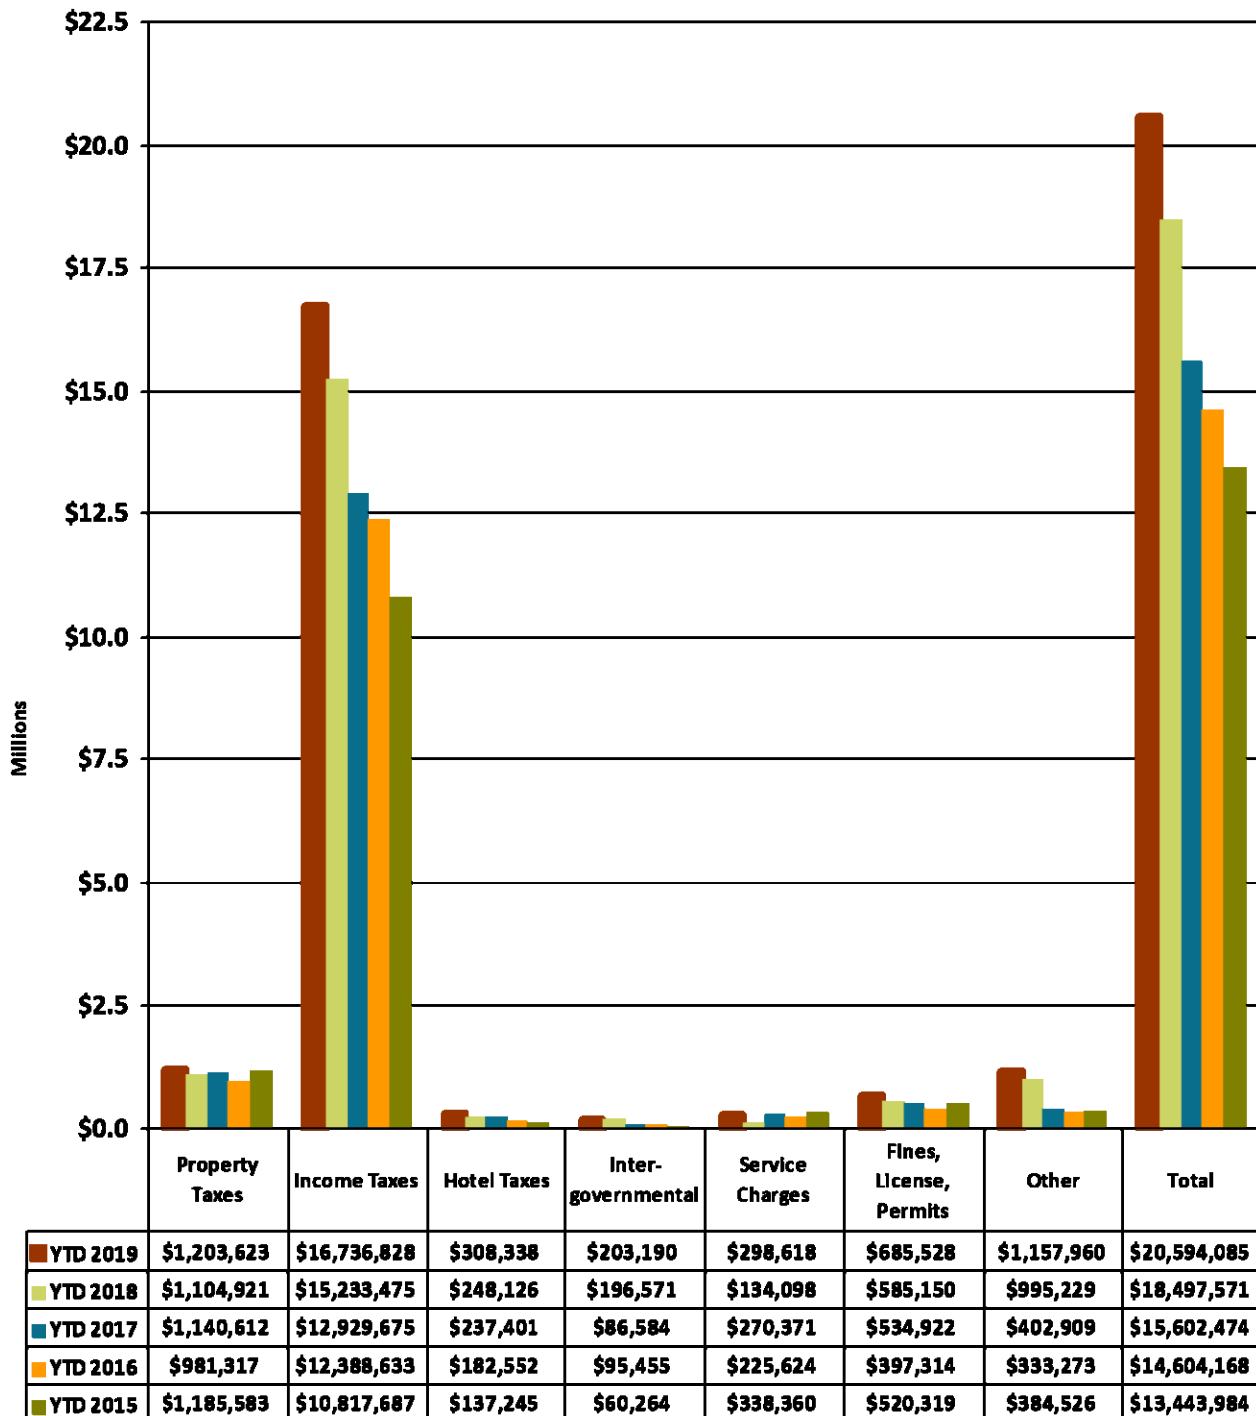

Historically, the City has maintained a positive variance between revenue and expenses, which has allowed it to maintain a target carryover balance of at least 60% of annual revenue as established based upon an ongoing sensitivity analysis. In addition, for budgetary purposes, the City maintains a target reserve of 65% of the adopted operating budget in the General fund. During 2018, the City made additional significant transfers to various funds totaling \$7.5 million which was in excess of this target reserve; therefore, expenses did exceed revenue. However, the carryover balance remained consistent and even exceeded previous years with the exception of 2017. The City Council has been able to redirect additional surplus dollars to the Infrastructure Replacement, Severance Liability, and Capital Equipment Replacement funds to address the long-term needs of the city, as well as other Capital funds to subsidize current capital projects. Looking forward in 2019, while similar transfers are budgeted from the General fund, it is not anticipated that they will be as significant and the carryover balance will continue to grow.

General Fund Section — REVENUE

CHART 2: General Fund—Revenue Sources

(Additional Data can be found in Appendix A: General Fund YTD Revenue Analysis)

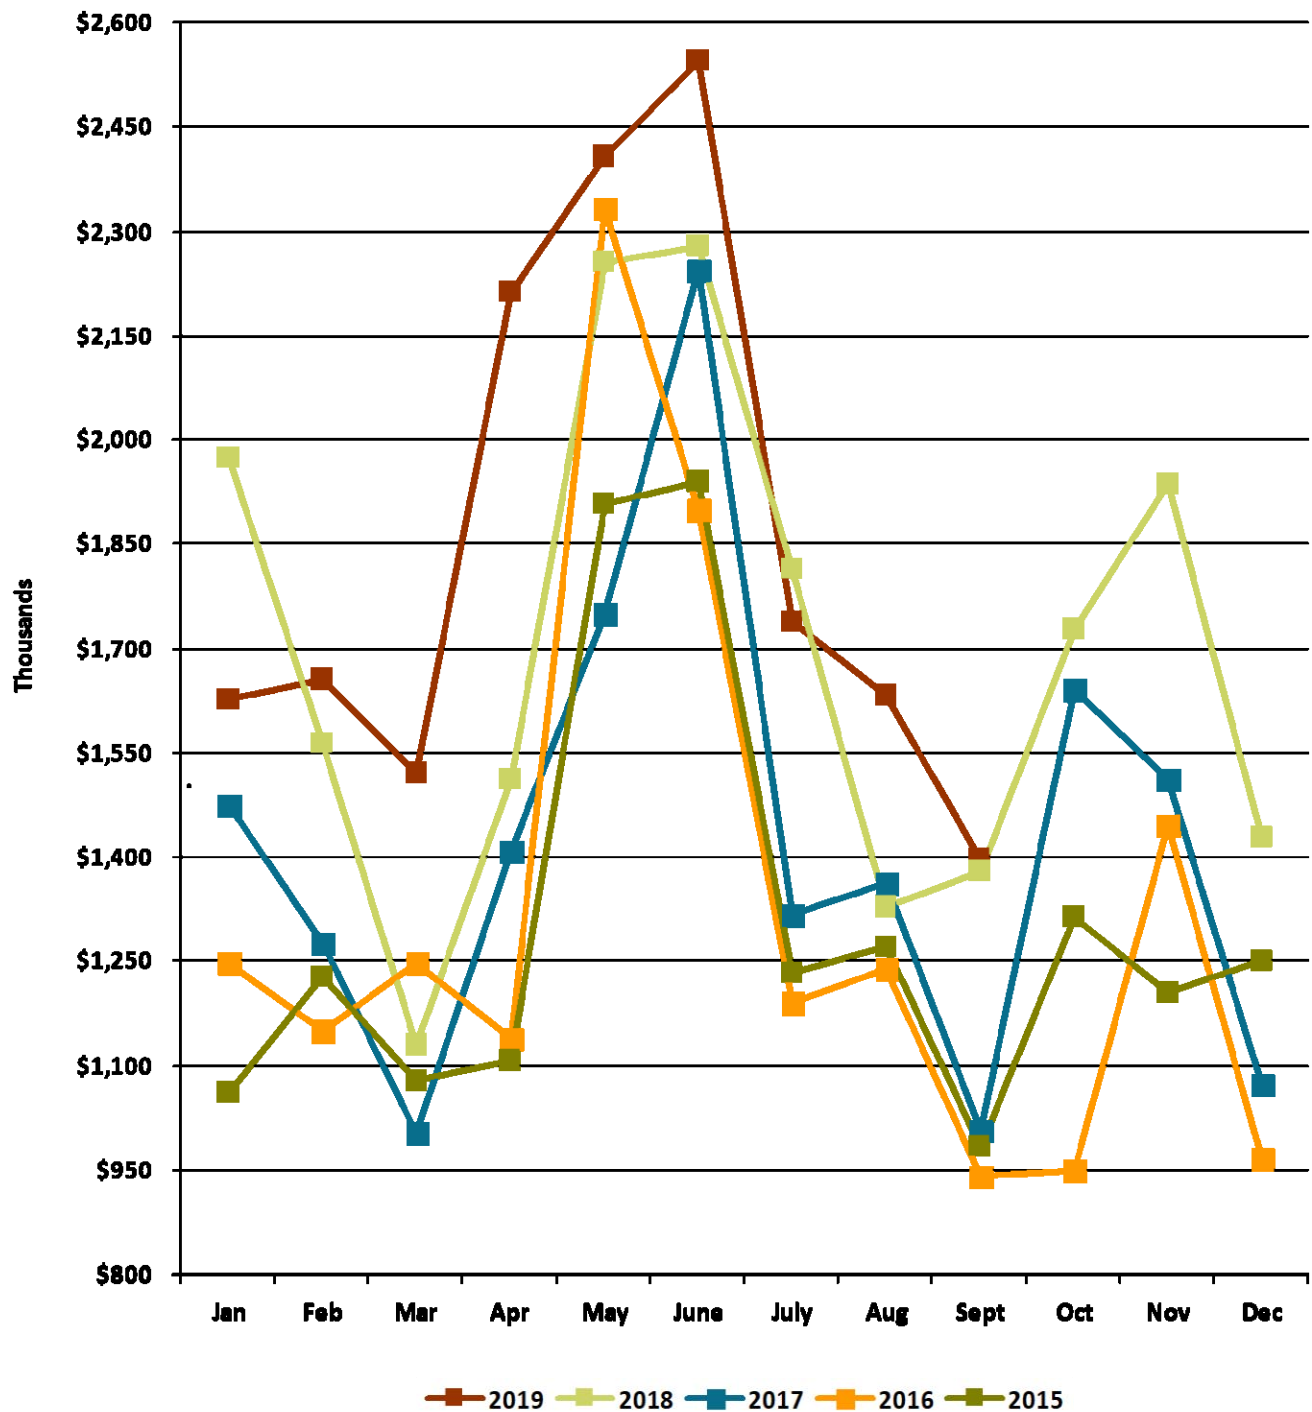

2019 Analysis

In total, revenues to date have increased by 11.33% year-to-date from 2018. Income taxes, which comprise 81.27% of total revenue for 2019, has increased by 9.87%. Most other revenue categories each have had moderate changes year-to-date for 2019. It appears as if 2019 will continue to be a year of growth. Revenues will continually be monitored and any changes to appropriations due to lack of or increased resources may be updated during the mid-year budget review, or thereafter.

General Fund Section — REVENUE

CHART 3: General Fund Income Tax Revenue (All Types) - Monthly

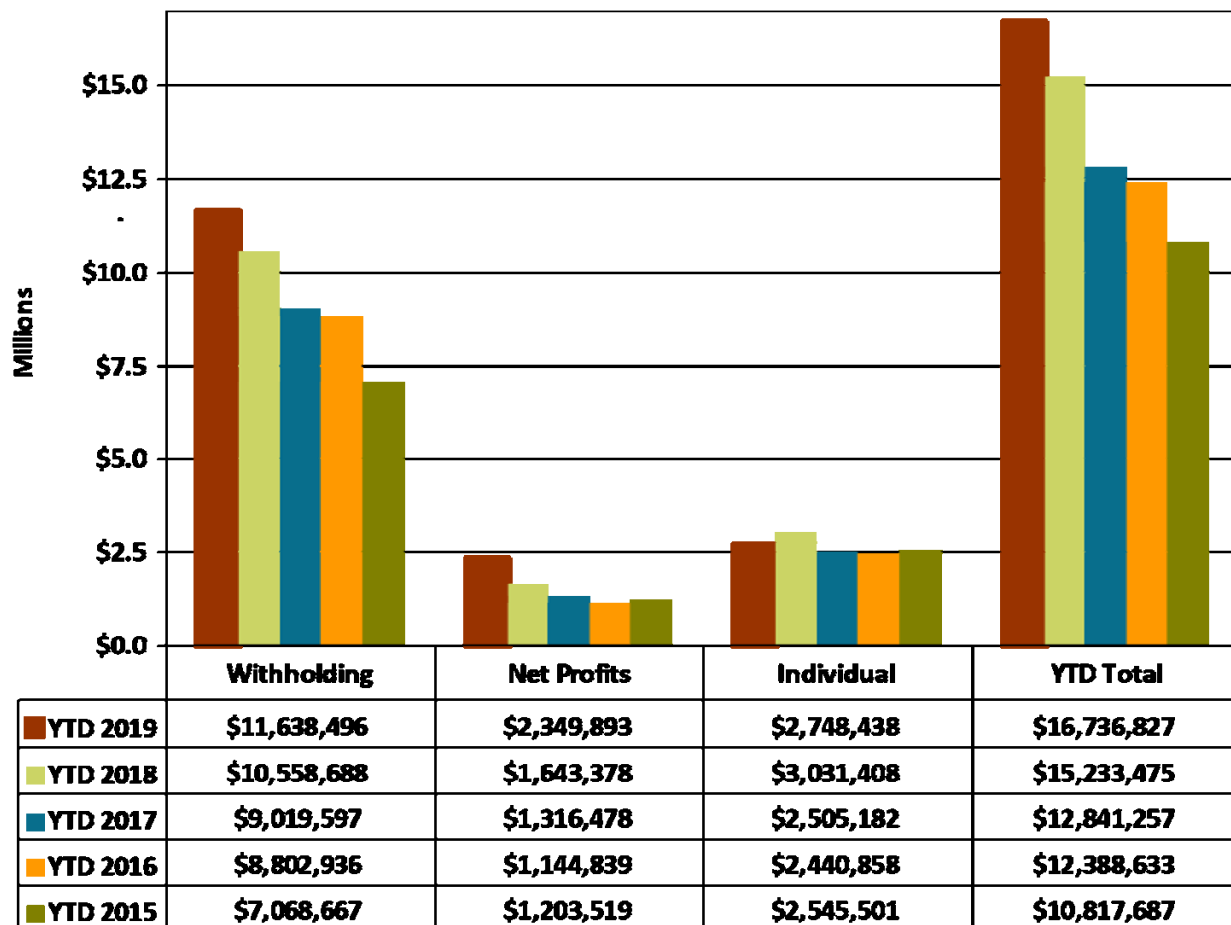

Each line represents a year of Income Tax collections. The points along each line represent the individual months of collections. 2019 is represented by the maroon line.

General Fund Section — REVENUE

CHART 4: General Fund Total Income Tax Collections by Type

Additional Data can be found in Appendix A: General Fund YTD Revenue Analysis

This graph shows the YTD income tax in the General Fund for the last five years. Withholdings are the most important income tax performance indicator. Increased payroll deductions are indications of job, wage, and economic growth. The area of caution relating to income tax performance is Net Profits. Net profit taxes are volatile and similar in nature to company stock performance. Also, recent legislation regarding Net Profit taxes (option to file with the State and also Net Loss carry-forward/back provisions) could present some uncertainty relative to the stability of this source of income tax.

General Fund Section — REVENUE

CHART 5: General Fund Total Income Tax Distribution

Additional Data can be found in Appendix A: General Fund YTD Revenue Analysis

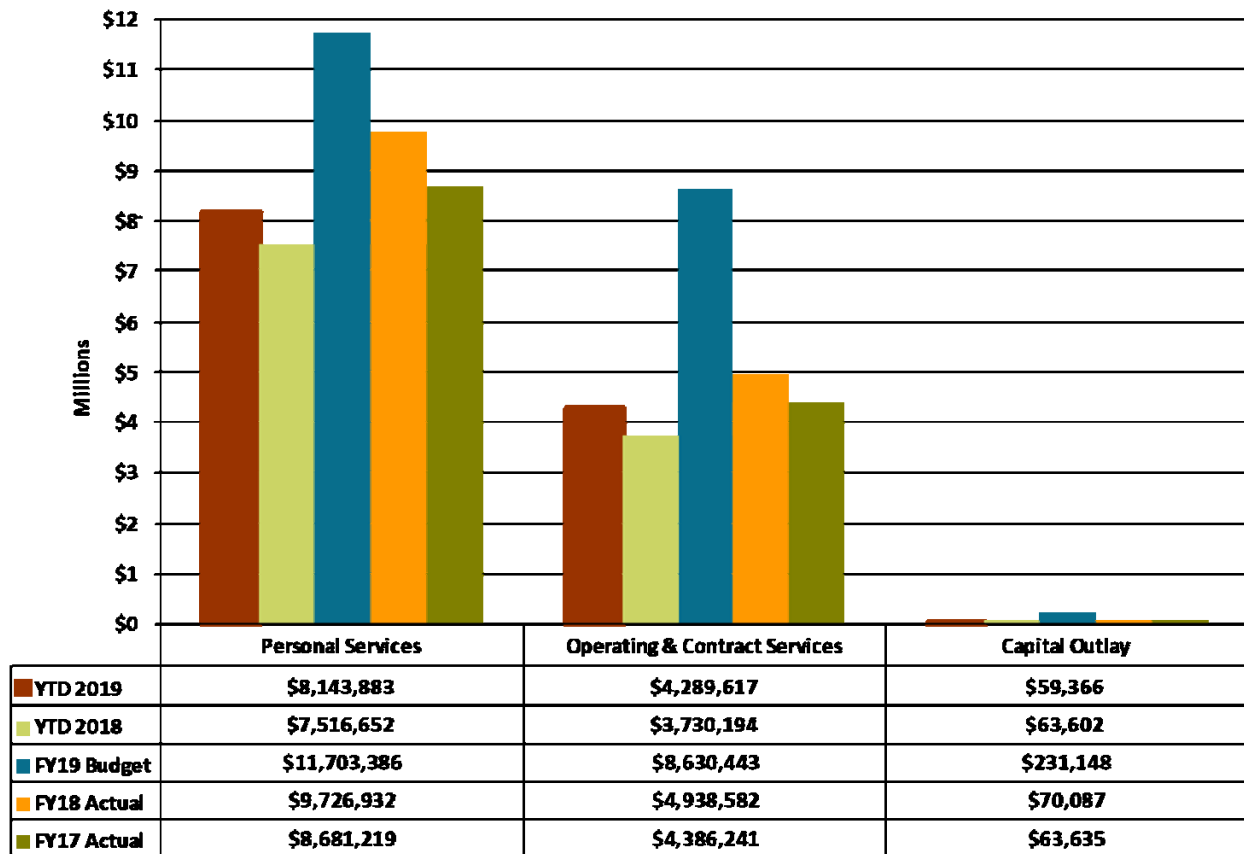

The pie chart titled 'Normal' shows the historical average breakdown of Income Tax collections, years 2015—2018. For 2019, YTD Withholdings represent 69.6% of the total, which is marginally higher than the 2018 YTD. Net profits have increased to a significantly larger portion of collections compared to both the 'Normal' and 2018 collections due to a large collection for the months of April and May compared to previous months which causes the Individual portion to be substantially less. With only having nine months of data for 2019, it is harder to predict the overall breakdown, even with the main tax filing month now represented in collections. Additionally, the first quarter was somewhat volatile as a result of significant refund requests and filing of quarterly estimated taxes. Income taxes will continue to be monitored throughout the year and if necessary, adjustments to budgeted amounts will be made.

General Fund Section — EXPENSE

CHART 6: General Fund Expenditures by Category

Additional Data can be found in Appendix A: General Fund YTD Expenditure Analysis

This graph shows the YTD operating and capital expenditures in the General Fund, comparing amounts with YTD for 2018, the amended 2019 budget amounts, and the actual expenditures for both 2017 and 2018. Personal services are the greatest expense among these categories. Expenditures for personal services have continuously grown over the last three years. This is primarily due to three factors: 1) the addition of new positions to serve the community and accommodate New Albany's ongoing growth; 2) movement along steps on pay grades; and, 3) general cost of living increases. Expenditures for Operating & Contract Services have moderately grown over the last three years as services increase within the city. Capital outlay expenditures within the General Fund are minimal. The primary capital items that have been included in the General Fund are continued fiber connections, miscellaneous furnishings, and information technology related equipment.

All Funds Section — SUMMARY OF FINANCIAL RESULTS

Long Term Analysis

All funds other than the General Fund fall into four major fund types:

1. Special Revenue — a fund with a specific revenue source like a grant or TIF project with restricted expenditure requirements
2. Debt Service — the fund used for principal and interest payments for city borrowings
3. Capital Project — a fund used to pay for capital projects or infrastructure
4. Agency — a fund used for collection and distribution purposes (In/Out)

The **YTD Fund Balance Detail**, found in Appendix B, provides information on the financial position of these funds.

The Economic Opportunity Zones (EOZ) funds are useful in obtaining a holistic view of income tax collections. The city has revenue sharing agreements with the New Albany Community Authority, City of Columbus, New Albany-Plain Local School District, Johnstown-Monroe Local School District, and Licking Heights Local School District. Income tax collections within the EOZ are identified and shared based on the revenue sharing agreements for that area. Income taxes realized outside of the EOZs are distributed as follows:

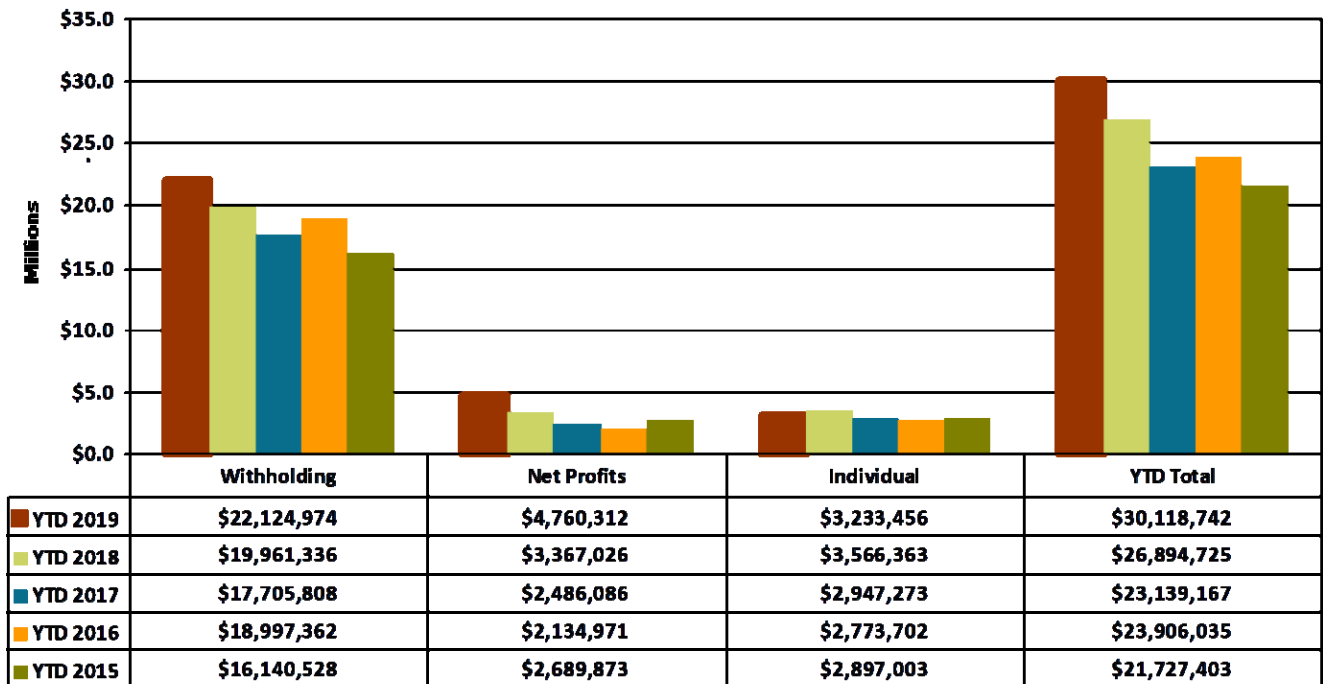

101—General Fund	85%
401—Capital Improvements	12%
404—Park Improvements	3%

Income tax revenues from the EOZs are distributed as follows depending upon slight variations in the revenue sharing agreements:

New Albany General Fund	20-35%
School District (s)	35%
New Albany Community Authority	0-50%
Infrastructure Fund	0-30%
City of Columbus	0-26%

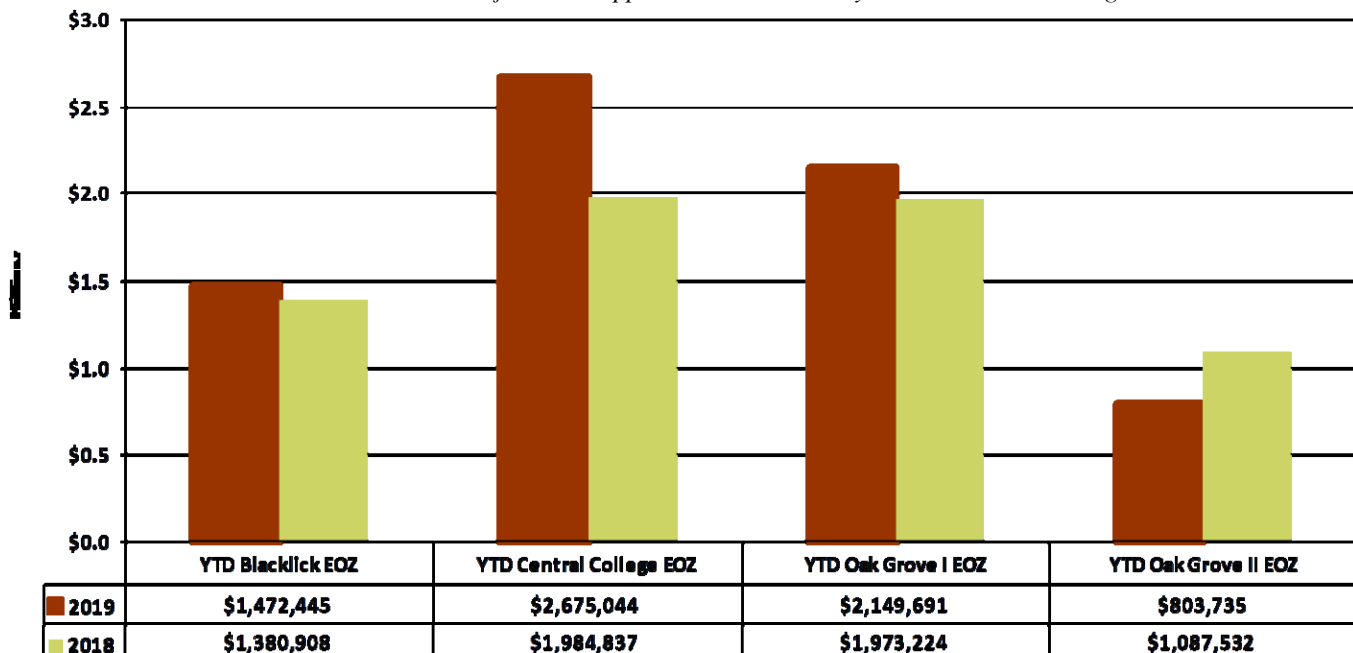

All Funds Section — REVENUE

CHART 7: All Funds Total Income Tax Collections by Type
Additional Data can be found in Appendix B: All Funds YTD Revenue Analysis

When examining income tax from an All Funds level, the results are consistent with the General Fund yet representative of the Business Park environment.

CHART 8: EOZ Revenue Sharing YTD 2019 –vs– YTD 2018
Additional Data can be found in Appendix B: New Albany EOZ Revenue Sharing

The EOZ areas provide insight into the breakdown of income tax collections within the Business Park.
