BOARDS AND COMMISSIONS:

PLANNING COMMISSION: Council Member Brisk reported that the PC unanimously passed the Harrison Road Triangle Zoning District amendment. The area was already zoned L-GE. The applicant wanted a slight change to add industrial product sales as a conditional use and to permit distribution and manufacturing as a primary use only for properties setback a minimum 400-foot setback from the northern boundary line. The language added a commitment to dedicate a maximum of 60 feet of right-of-way, streetscape, and utility easements, not to exceed 25 feet in width, to accommodate the new public street. The proposed language allowed a maximum building height of 65 height and a maximum building height of 45 feet for a structure located within 400 feet of the northern boundary line. Regarding the same property, the PC approved a request to locate a temporary concrete batch plant on Harrison Road through October of 2025. They had lost another location due to development. The PC held their organizational meeting. Neil

Kirby and Dave Wallace maintained their positions. Hans Schell was elected secretary; which position was not previously filled. Mr. Schell would continue to be the PC representative on the BZA.

PARKS AND TRAILS ADVISORY BOARD: No meeting

ARCHITECTURAL REVIEW BOARD: No meeting.

BOARD OF ZONING APPEALS: Council Member Shull reported that the BZA approve an extension of an existing deck on Dean Farm Road to encroach 6 feet into easement. The BZA postponed their organizational meeting to next meeting.

SUSTAINABILITY ADVISORY BOARD: Council Member Kist reported no meeting. He shared the Earth Day to Arbor Day marketing timeline. The launch of the New Albany Parks Pass would happen at the start and be available year-round. Social media posts would happen April 6 through April 28. The e-waste drive was April 22. The Bill Resch Park bench dedication and clean-up was also April 22. Composting 101 was set for April 24. Creating a Backyard Eco-system talk was April 25. Community Creek Stomp was April 26. Equitable Tree Distribution talk was April 27. Arbor Day proclamation and tree planting was April 28.

Council Member Wilttrout asked and Director Joly answered that the Parks Pass was downloadable to a phone and would contain all the events. If a user indicated they attended, they would receive points and be entered to win prizes. Council Member Kist added that New Albany Connects and Facebook postings would list all the items.

IDEA IMPLEMENTATION PANEL: No meeting.

CEMETERY RESTORATION ADVISORY BOARD: No meeting.

PUBLIC RECORDS COMMISSION: No meeting.

CORRESPONDENCE AND COMMUNICATION:

Mayor Spalding acknowledged the many emails he, and likely other council members, received regarding the proposed Sheetz location in Gahanna by the Morse Road roundabout. Mayor Spalding thanked the developer, landowner, Sheetz, the City of Gahanna, and citizens. There was a potential resolution and Sheetz may get other locations to explore.

READING AND PUBLIC HEARING OF RESOLUTIONS:

RESOLUTION R-19-2023

Mayor Spalding read by title A RESOLUTION TO AUTHORIZE THE CITY MANAGER TO ENTER INTO A LEASE AGREEMENT AND ASSOCIATED OPERATING AGREEMENT WITH THE NEW ALBANY JOINT PARK DISTRICT TO FACILITATE THE CONSTRUCTION AND OPERATION OF A PICKLEBALL FACILITY AT BEVELHYMER PARK.

April 4, 2023

City Manager Stefanov stated the 16 pickleball courts were under construction near the Public Service Complex, along with a parking facility. Over flow parking would be along the Service Complex driveway and in the eastern grass field area. The courts would open for play in early June. The 20-year term of lease agreement was aligned with the expected initial longevity of the courts. The city would maintain the infrastructure. The lease referenced a potential operating agreement with the Joint Park District (JPD) to coordinate the programming and use of space. The city expected open, league, and tournament play. The courts were designed for future improvements, including restrooms, shelter, and shade structures.

Mayor Spalding asked and Public Service Director Barker estimated 80-100 feet between the courts and the parking lot. The entire court area was about 430 feet east-to-west. There was space for landscaping.

Council Member Kist asked and City Manager Stefanov confirmed that the nets, repair, etc., would all be done by the city, not the JPD. City Manager Stefanov stated that the JPD may help with some court preparations. The city would still be responsible for trash, new nets, resurfacing, and restriping. He noted the JPD had software and programs to manage the schedule. The revenue generated by the courts would likely be shared to cover the JPD's expenses and the city, to offset its operating expenses. That operating agreement would come back to council.

Council members were happy the courts would be ready by June. Council Member Shull stated pricing on shade structures would be presented soon. Money was set aside for a restroom. Dave Wharton, JPD Director, was present.

Mayor Spalding opened the Public Hearing. Hearing no comments or questions from the public, he closed the Public Hearing.

Mayor Spalding moved to adopt the resolution. Council Member Shull seconded and council voted with 7 yes votes to approve Resolution R-19-2023

RESOLUTION R-20-2023

Mayor Spalding read by title A RESOLUTION TO AUTHORIZE THE CITY MANAGER TO ENTER INTO A LEASE AGREEMENT WITH THE NEW ALBANY JOINT PARK DISTRICT TO FACILITATE THE EXPANSION OF BEVELHYMER PARK AND THE CONSTRUCTION OF A FIELDHOUSE WITHIN THE EXPANDED PARK.

City Manager Stefanov stated this parcel was across from the Public Service Complex on the west side of Bevelhymer Road. The lease was for roughly 30 acres - the limits of the site had not yet been defined. The 40-year term was consistent with the expected term of the initial life of the fieldhouse. The city anticipated the structure would last longer. The initial lease for Bevelhymer Park from around 2000 was about 50 years. There was language allowing 10-year extensions. The Joint Park District (JPD) was responsible for construction, maintenance, and operation of the facility. There was available land for additional ancillary

uses, including playing fields, parking, or other amenities. The \$200 lease amount was a legally necessary *de minimus* amount.

Council Member Kist asked and City Manager Stefanov stated the \$200 was a one-time payment. Council Member Shull added the payment was consistent with the Miracle Field land lease.

Mayor Spalding opened the Public Hearing. Hearing no comments or questions from the public, he closed the Public Hearing.

Council Member Wiltout moved to adopt the resolution. Council Member Kist seconded and council voted with 7 yes votes to approve Resolution R-20-2023.

David Wharton, Joint Park District Director, thanked council. The JPD was in the 2nd phase of the bidding process for the fieldhouse.

SECOND READING AND PUBLIC HEARING OF ORDINANCES:

INTRODUCTION AND FIRST READING OF ORDINANCES:

ORDINANCE O-57-2023

Mayor Spalding AN ORDINANCE TO ACCEPT THE EXPEDITED TYPE 1 ANNEXATION OF 4.0+/- ACRES FROM PLAIN TOWNSHIP, FRANKLIN COUNTY TO THE CITY OF NEW ALBANY.

City Manager Stefanov stated no road maintenance agreement was required because the parcels were in Franklin County. The land was contiguous to existing city boundaries. These parcels would fill in a “missing tooth” on Morse Road. The annexation agreement with Plain Township dated back to February of 2008. The Franklin County Commissioners approved the annexation, and the 60-day waiting period had lapsed.

Mayor Spalding set the ordinance for second reading at the April 18, 2023 council meeting.

ORDINANCE O-58-2023

AN ORDINANCE TO APPROVE THE FINAL PLAT AND ACCEPT RIGHT-OF-WAY DEDICATION OF 0.1685+/- ACRES ALONG THIRD STREET AND 3.02+/- ACRES BETWEEN EAST GRANVILLE STREET AND SOUTH HIGH STREET FOR THE MARKET STREET EAST EXTENSION AS REQUESTED BY THE CITY OF NEW ALBANY

Public Service Director Mike Barker stated this legislation included the right-of-way dedication for the Market Street Extension Project. Market Street would continue east of SR 605, go through Dublin-Granville Road, and up to Third Street. This project would reconfigure a section of US 62 and Third Street. It was a big part of the 2020 strategic plan update. Studies showed that much of the congestion

April 4, 2023

in the Village Center originated at the SR 605 and US 62 intersection. Due to the built condition, there was no ability to expand that intersection. The city’s strategy was to direct traffic away from it. Dublin-Granville Road would be a two-way stop at US 62. The circle at Market Street and SR 605 would resemble the one at Market and Main and function similarly. This plat got all right-of-way needed on the property south of Dublin-Granville Road and accounted for right-of-way on the west side of Third Street. The city still needed right-of-way from the Methodist church. That dedication would come to council separately.

Council Member Durik expressed concern about east-west traffic on Dublin-Granville Road attempting to cross SR 605. Director Barker stated the intersection of Third Street and 62 would be signalized. A roundabout couldn’t be put there due to proximity of other intersections. The traffic signal will give an opportunity for Dublin-Granville traffic to cross. The city could monitor and adjust the traffic signal. Council Member Brisk expressed concern about the amount of traffic that could get backed up at a Dublin-Granville two-way stop sign. Director Barker stated the city trying to discourage people from using Dublin-Granville Road. Traffic volume may not be enough to warrant a signal. City Manager Stefanov stated, when the city was modeling traffic, the volume going east bound on Dublin-Granville was nominal. Director Barker recalled a heat-map model showing that more than 40% of traffic ended within city limits, and most traffic was to get to/from SR 161. The city would continue to monitor to make sure it wasn’t creating an unsafe situation. Speed limits in the area would be 25 mph which would help with safety.

Council Member Fellows asked if - when Ganton Parkway was completed up to Kitzmiller Road, and more of loop of traffic would come back down Dublin-Granville Road headed west- and east-bound - was more traffic on Dublin-Granville Road anticipated? Director Barker answered most of Ganton Parkway on the south side of SR 161 was intended to function as arterial roadway to help distribute traffic and make connections parallel to SR 161. The vast majority of that traffic volume would start and end in the business campus area. He didn’t anticipate much co-mingling of Village Center traffic with business campus traffic. This could also be seen at Smith’s Mill Road.

Council Member Shall asked and Director Barker confirmed that the city would put the project out to bid this summer, with construction starting no later than October 1, taking into account protected species during tree-clearing.

Council Member Kist asked and Director Barker confirmed the Market Street extension speed limit would be 25 mph. The road alignment jog was to go perpendicular over Rose Run Creek, taking the shortest distance, making the bridge less expensive. There would be 8-foot leisure path on the west side of Market Street up to Dublin-Granville Road. There would be pedestrian crossings on the west and north legs of the roundabout, continuing the existing sidewalk into the Historic Village Center. No paths were planned on the extension’s east side.

Council Member Fellows asked and Director Barker replied that the section of Market Street south of Dublin-Granville Road would be the equivalent of 3 lanes with a planted center median, similar to Fodor Road. North of Dublin-Granville Road, it would be 2 lanes with a center turn lane.

April 4, 2023

Council Member Shull asked if there was retail, residential, or commercial development planned on any part of the extension. Director Barker recalled that the city had talked about mixed use or residential uses - he was not aware of anything brought forward.

Council and staff discussed retention pond locations. Director Barker stated there would be 2 regional basins. Drainage and tributary areas would drain to the basins, helping to regionalize stormwater control for the Village Center. The basins would be constructed with the roadway improvement project. The basins would hold water permanently. They could hold fountains, but those were not planned.

Mayor Spalding asked staff to look at the SR 62 and Dublin-Granville Road traffic signal timing. Traffic stacked up a lot. Council Member Shull stated the timing by Fodor Road, turning left onto Dublin-Granville Road, was also long. Mayor Spalding observed that might be to encourage drivers to use Market Street. Director Barker stated staff would look at those intersections.

Mayor Spalding set the ordinance for second reading at the April 18, 2023 council meeting.

Group C - Appropriation of Property and Easements Ordinances

Mayor Spalding stated, for this set of ordinances, Group C, council would declare an emergency to waive the 30-day referendum period. They would get a second reading. Council would not vote on them tonight. After waiving council rules, the mayor would read O-59-2023 in full. The clerk would read the subsequent ordinance number, property owner, address, and parcel numbers of the remaining ordinances. If there was any particular ordinance a council member wanted to consider a separately, he asked that they indicate that before council waived the rules. Council members did not indicate they wished to consider any ordinances separately.

Mayor Spalding moved, pursuant to Council Rule 1(A)(1.), to waive council rules for Ordinances O-59-2023 through O-69-2023, such that the title of each ordinance did not have to be read in full. Council Member Shull seconded. Council voted with 7 yes votes to waive the council rules. Motion passed.

ORDINANCE O-59-2023

Mayor Spalding read by title AN ORDINANCE TO APPROPRIATE PROPERTY AND EASEMENTS FROM THE OWNER, KAY C. CURRENS, OF THE PROPERTY LOCATED AT 3412 MINK STREET IN LICKING COUNTY, OHIO FOR THE PUBLIC PURPOSE OF CONSTRUCTING, MAKING AND REPAIRING ROADS, IN THE MINK STREET PROJECT, WHICH SHALL BE OPEN TO THE PUBLIC, WITHOUT CHARGE, AND DECLARING AN EMERGENCY.
