DEPARTMENT HIGHLIGHTS

November 2021

Night Range Training

Officers participated in one of five night Taser and firearms training sessions this month. Training at night and in low light situations better prepares officers and provides a more realistic training environment. Law enforcement involves extensive interaction with community members and those from outside of the community, particularly at times of crisis and conflict. The knowledge and skills gained from regular and diverse training helps ensure our staff is effective, competent and professional. The high priority the department places on training provides important benefits that impact the community it serves.

Drone Program Additions

The drone has continued to prove its value as a law enforcement tool and an asset for the city. In November the drone was deployed to help document the scene of a serious automobile crash and to assist in a search for a man with a gun. The drone has also been called to assist other police agencies and other city departments within our city with obtaining promotional footage and to document construction projects.

The department initially trained and licensed four officers. Now that the value of the drone has become more established, the department is adding two additional drone pilots, Sergeant Kevin Deckop and Officer Brett Hall. Once their training is complete they will take a FAA test as part of the certification process.

CALEA Accreditation

During the week of November 5th, the department underwent their annual digital assessment period for CALEA accreditation. There were no issues found and the compliance service member completed the assessment successfully. This marks the end of a second year in a four year assessment period. The department will continue to be reviewed annually by CALEA, including an on-site review tentatively scheduled for July 2023.

DEPARTMENT HIGHLIGHTS

November 2021

K9 Amigo Deployment Summary

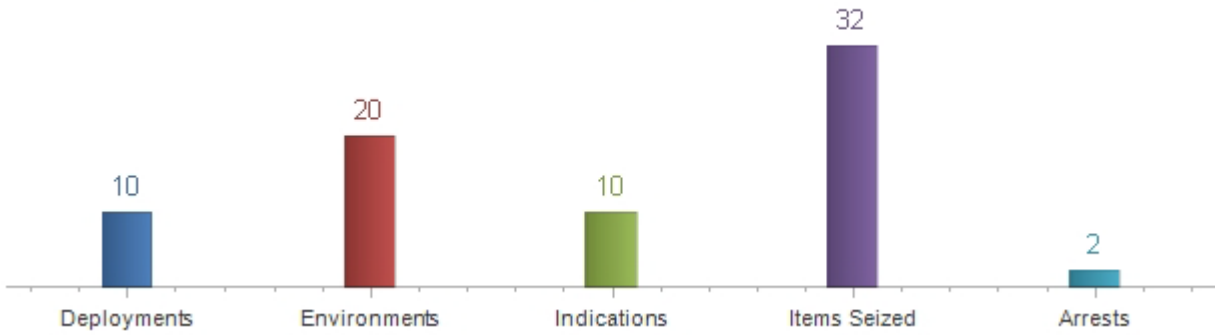

During the month of November, Amigo and his handler conducted 10 detection deployments with 20 search areas. He had 10 indications, two arrests and seized over 30 items.

Amigo is pictured on the right during a training exercise. Our K9 unit trains weekly with K9 units from other local departments. They change the training locations to expose them and their K9s to new environments and challenges.
