MONTHLY REPORT April 2022

Leadership

Integrity

Vision

Excellence

Inside This Issue:

General Analysis

Revenue Analysis

Expenditure Analysis

Investments

Introduction

The purpose of this report is to summarize the financial position of the City of New Albany (City) on a monthly basis using year-to-date (YTD) and prior year information for comparison purposes. The document is comprised of two major sections:

- 1. General Fund analysis
- 2. All Funds analysis

Each section contains graphs with supporting analysis. In the appendices are supporting financial documentation relating to the analysis. Within each section, financial information is displayed at the following levels:

- 1. Fund
- 2. Revenue
- 3. Expense

The General Fund section contains additional data used to measure and assess the City's financial condition. The goal is to emphasize the General Fund as the best overall indicator of the financial health of the City and to utilize All Funds for a more holistic view. A summary of Investments is also included.

Upon review of the information provided, the finance department is available to answer questions or provide additional data. Please do not hesitate to submit your request via email to bstaats@newalbanyohio.org or phone at (614) 855-3913.

Respectfully Submitted,

Bethany Staats, CPA, Finance Director

General Fund Section — SUMMARY OF FINANCIAL RESULTS

CASH BALANCE

1. Chart 1 illustrates a positive YTD variance of \$3,694,215 between revenue (\$10,309,556) and expenses (\$6,615,341).

REVENUE

- 1. Chart 2 shows a YTD increase in revenue of \$38,910 or 0.38%. Income tax collections are \$8,513,171 year-to -date, which is a 0.49% decrease from 2021. Chart 3 provides a monthly illustration of these collections.
- 2. Chart 4 breaks down income tax collections by type. Typically, withholdings are the best indicator of income tax stability. Withholdings in the General fund are slightly higher than 2021 and are marginally higher than receipts dating back to 2018. The growth from 2018 to 2020, even with the beginning of the COVID-19 pandemic in 2020, can be attributed to general business growth and increasing development in the City. With that being said, it is believed the effect of COVID-19 on existing businesses who had to shut down or reduce workforce was outweighed by withholding from new development and businesses adjusting their operations and products to produce personal protective equipment (PPE) needed to slow the spread of the virus. In 2021, income tax increased drastically which is a combination of continued growth in withholding and significant increases related to net profits and individual tax as quarterly estimated payments were received. Overall, 2022 is continuing to trend toward returning to previous growth in withholding and is keeping pace with 2021 net profits, which were believed to be inflated due to a few significant quarterly estimated payments as mentioned. That said, the revenue is monitored closely as there are still potential impacts related to 2020 and 2021 withholding refunds for those working from home in other jurisdictions, and the potential significant refund of net profits as 2021 tax returns are filed.
- **3.** Chart 5 provides additional insight into income tax collections by type. The pie chart entitled 'Normal' shows the historical average breakdown of income tax collections for the prior three years.

EXPENSE

- 1. YTD expenses excluding transfers and advances are 12.47% higher than last year with the differences attributed to both the personal services and the operating & contract services categories. There have been no capital outlay expenses to date in 2022.
- 2. The adopted appropriations as amended are reflected in the 2022 budget amounts. The General Fund has utilized 24.34% of the appropriations to date for 2022.

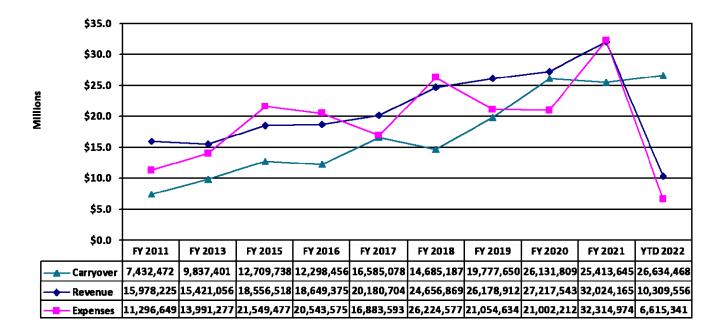

ALL FUNDS

- 1. When examining income tax at the All Funds level, collections are consistent with the General Fund yet representative of the Business Park environment. Inclusion of the Business Park results in a 2.94% decrease in withholding compared to an increase of 0.33% in the General Fund, year to date. 2022 continues to trend toward returning to previous growth as mentioned in the General Fund section; however, with the COVID-19 pandemic continuing, pending litigation as it relates to withholding income tax revenue, and the affects of prior legislation related to net loss carryforward (especially as it will relate to 2021 business income), the City will continue to monitor the revenue and adjust the budget as necessary should these revenues require it.
- 2. Chart 8 shows the EOZ areas and provides insight into the breakdown of tax collections within the Business Park from which the City distributes between the General, Capital Improvement and Park Improvement funds.

General Fund Section — CASH BALANCE

CHART 1: General Fund—Revenue, Expenses, and Carryover

(Additional Data can be found in Appendix A: General Fund Monthly Cash Flow)

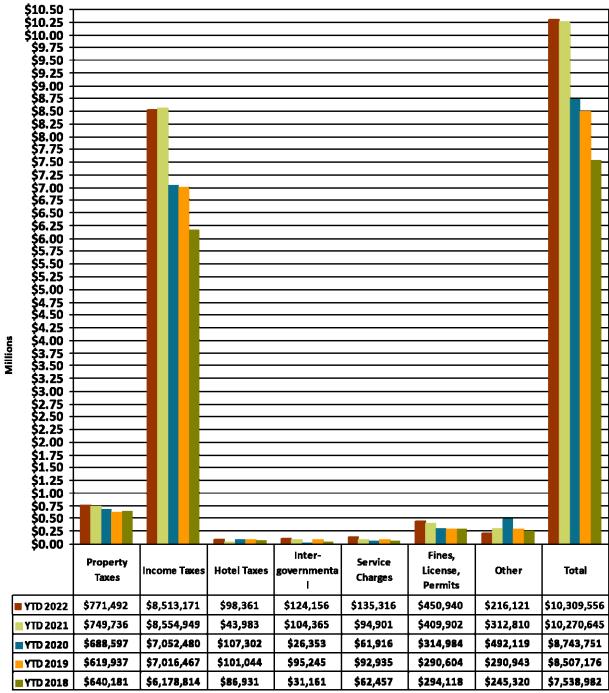

Historically, the City has maintained a positive variance between revenue and expenses, which has allowed it to maintain a target carryover balance of at least 60% of annual revenue as established based upon an ongoing sensitivity analysis. In addition, for budgetary purposes, the City maintains a target reserve of 65% of the adopted operating budget in the General fund. During 2018, and again in 2021, the City made additional significant transfers and advances to various funds totaling \$7.5 million and \$12 million, respectively, which was in excess of this target reserve; therefore, expenses did exceed revenue. However, the carryover balance remained consistent and even exceeded previous years with the exception of 2018. The City Council has been able to redirect additional surplus dollars to the Infrastructure Replacement, Severance Liability, and Capital Equipment Replacement funds to address the long-term needs of the city, as well as other Capital funds to subsidize current capital projects. In 2019, an additional \$2.5 million was transferred after review of the 2018 ending fund balance. Similar transfers were evaluated in April 2020 to redirect funds exceeding the 65% target reserve for the year ending 2019, however, due to the COVID-19 pandemic, those transfers were delayed until the effect on current revenues were evaluated. Even with the impact of the COVID-19 pandemic, related legislation and lawsuits pending, it was determined the General fund was able to transfer \$8,000,000 in 2021 to the Capital Improvements fund and advance \$4,000,000 to certain Tax Increment Financing funds to repay high interest infrastructure loans, all while maintaining the target reserve. Income tax revenue makes up approximately 81% of the General Fund revenue which is the City's operating fund. The reserve of 65% was put into place to help sustain operations at times of economic uncertainty such as what the City experienced in 2020 and 2021 and has proven to be successful.

General Fund Section — REVENUE

CHART 2: General Fund—Revenue Sources

(Additional Data can be found in Appendix A: General Fund YTD Revenue Analysis)

2022 Analysis

In total, revenues to date have increased by 0.38% year-to-date from 2021. Income taxes, which comprise 82.58% of total revenue for 2022, has decreased by 0.49%. Hotel Taxes have increased by 123.63% reflecting some recovery from the effects of the pandemic on the prior year's receipts. Intergovernmental and Service Charges have increased by 18.96% and 42.59% respectively. Due to the current economic climate, the City has anticipated that income tax, in particular, to be negatively impacted. Fortunately, this has not yet been realized, however; the City has sufficient reserves to cushion a significant downturn in this revenue should it be realized in the near future as it relates to potential refunds or effects on net profit as 2021 tax returns are filed. Revenue is continually monitored and changes to appropriations are adjusted as needed to ensure spending is in line with available resources.

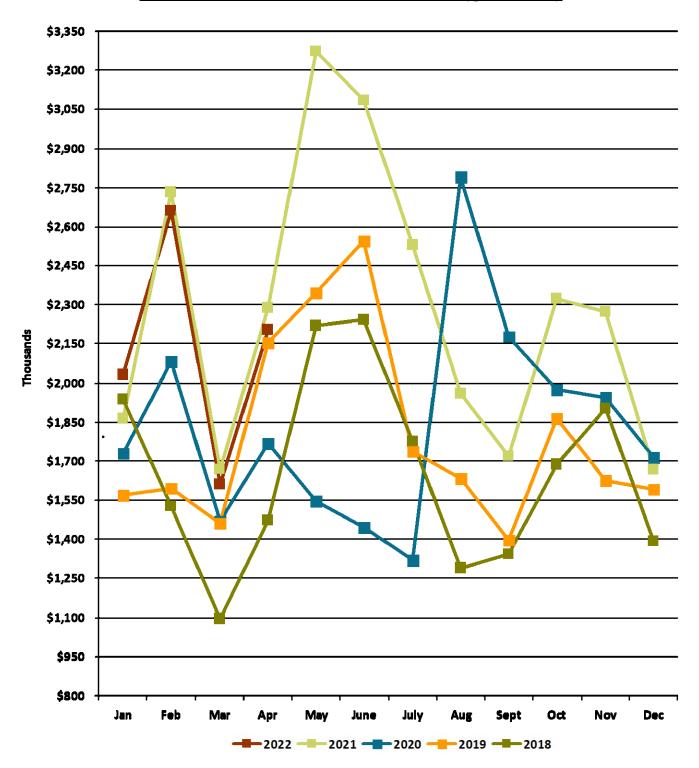

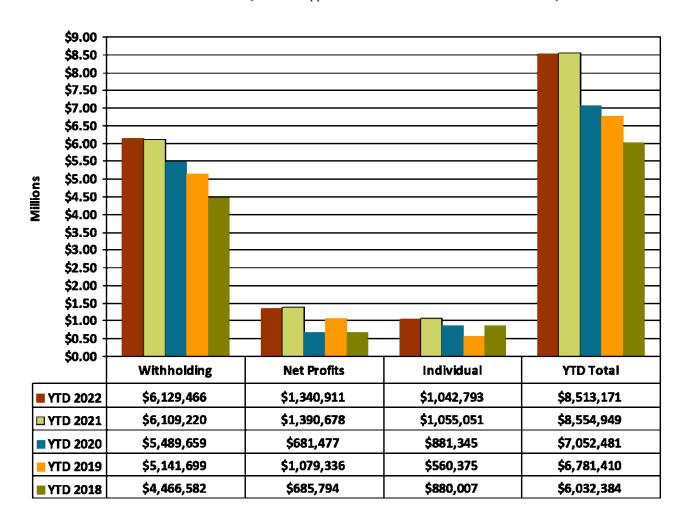

CHART 3: General Fund Income Tax Revenue (All Types) - Monthly

Each line represents a year of Income Tax collections. The points along each line represent the individual months of collections. 2022 is represented by the maroon line. 2020 is representative of the moving of the tax filing date from April 15 to July 15 to file 2019 taxes. For 2021, the 2020 filing date moved from April 15 to May 17 which further affected the timing of receipts.

General Fund Section — REVENUE

CHART 4: General Fund Total Income Tax Collections by Type

Additional Data can be found in Appendix A: General Fund YTD Revenue Analysis

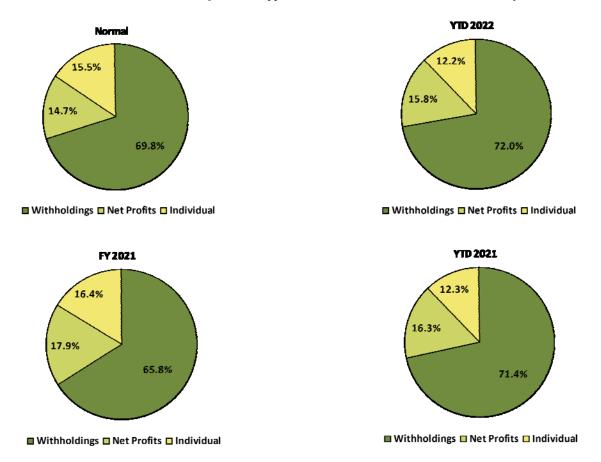

This graph shows the YTD income tax in the General Fund for the last five years. Withholdings are the most important income tax performance indicator. Increased payroll deductions are indications of job, wage, and economic growth. The area of caution relating to income tax performance is Net Profits, which are volatile and similar in nature to company stock performance. Also, changes in legislation regarding Net Profit taxes (option to file with the State and also Net Loss carry-forward provisions) could present some uncertainty relative to the stability of this source of income tax. Additionally, with the COVID-19 global pandemic, significant refunds are possible as it relates to filing 2021 business returns. Currently, net profits are similar to what they were in April of 2021. Total income tax collections are similar as well.

General Fund Section — REVENUE

CHART 5: General Fund Total Income Tax Distribution

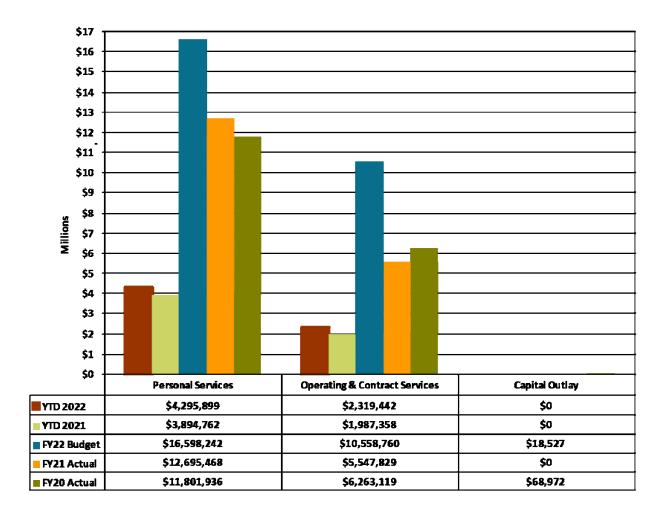

Additional Data can be found in Appendix A: General Fund YTD Revenue Analysis

The pie chart titled 'Normal' shows the historical average breakdown of Income Tax collections, years 2019—2021. For 2022, YTD Withholdings represent 72.0% of the total, which is slightly higher than the 2021 YTD as well as the 'Normal' and the 2021 total collections. Net Profits collections have also increased to a larger portion of collections compared to the 'Normal' yet are lower than the YTD 2021 collections. As a result of the COVID-19 global pandemic, on March 27, 2020, Governor Mike DeWine signed Amended Substitute House Bill 197 directing companies with employees working remotely to treat such employees as if they were working at the place of business for municipal income tax purposes, among other directives. During 2020, litigation was filed challenging this portion of the bill with a taxpayer seeking a refund for wages earned while working outside of the municipality. The State operating budget passed the summer of 2021 extended the provision adopted with HB 197 in regards to withholding for remote employees through December 31, 2021. However, those employees working remotely would be eligible to request a refund for withholding paid for time worked outside of the City.

CHART 6: General Fund Expenditures by Category

Additional Data can be found in Appendix A: General Fund YTD Expenditure Analysis

This graph shows the YTD operating and capital expenditures in the General Fund, comparing amounts with YTD for 2021, the amended 2022 budget amounts, and the actual expenditures for both 2020 and 2021. Personal services are the greatest expense among these categories. Expenditures for personal services have continuously grown over the last three years. This is primarily due to three factors: 1) the addition of new positions to serve the community and accommodate New Albany's ongoing growth; 2) movement along steps on pay grades; and, 3) general cost of living increases. Expenditures for Operating & Contract Services are expected to increase significantly in 2022 to accommodate new economic development projects. Capital outlay expenditures within the General Fund are minimal. The primary capital items that have previously been included in the General Fund are continued fiber connections, miscellaneous furnishings, and information technology related equipment.

All Funds Section — SUMMARY OF FINANCIAL RESULTS

Long Term Analysis

All funds other than the General Fund fall into four major fund types:

- 1. Special Revenue a fund with a specific revenue source like a grant or TIF project with restricted expenditure requirements
- 2. Debt Service the fund used for principal and interest payments for city borrowings
- 3. Capital Project a fund used to pay for capital projects or infrastructure
- 4. Agency a fund used for collection and distribution purposes (In/Out)

The **YTD Fund Balance Detail,** found in Appendix B, provides information on the financial position of these funds.

The Economic Opportunity Zones (EOZ) funds are useful in obtaining a holistic view of income tax collections. The city has revenue sharing agreements with the New Albany Community Authority, City of Columbus, New Albany-Plain Local School District, Johnstown-Monroe Local School District, and Licking Heights Local School District. Income tax collections within the EOZ are identified and shared based on the revenue sharing agreements for that area. Income taxes realized outside of the EOZs are distributed as follows:

| 101—General Fund | 85% |
|--------------------------|-----|
| 401—Capital Improvements | 12% |
| 404—Park Improvements | 3% |

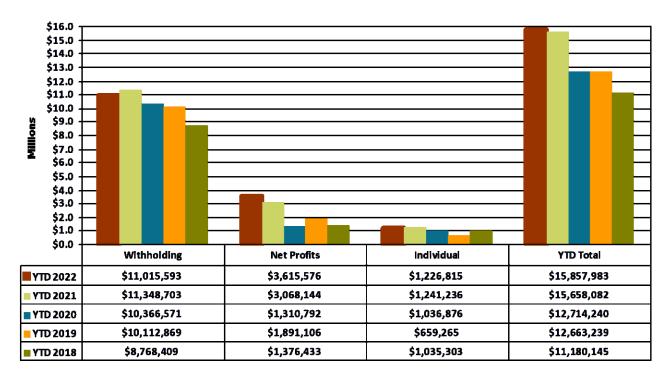

Income tax revenues from the EOZs are distributed as follows depending upon slight variations in the revenue sharing agreements:

| New Albany General Fund | 20-35% |
|--------------------------------|--------|
| School District (s) | 35% |
| New Albany Community Authority | 0-50% |
| Infrastructure Fund | 0-30% |
| City of Columbus | 0-26% |

All Funds Section — REVENUE

CHART 7: All Funds Total Income Tax Collections by Type

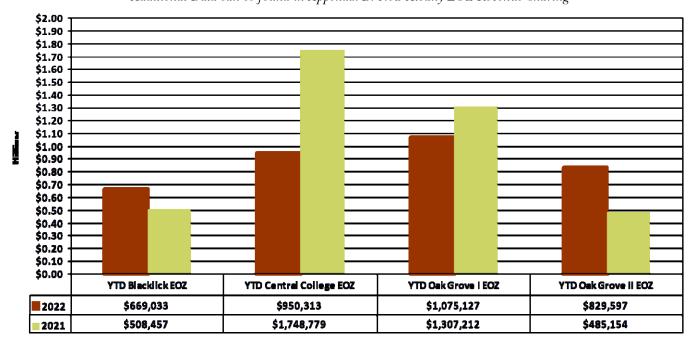

Additional Data can be found in Appendix B: All Funds YTD Revenue Analysis

When examining income tax from an All Funds level, the results are consistent with the General Fund yet representative of the Business Park environment.

CHART 8: EOZ Revenue Sharing YTD 2022 -vs- YTD 2021

Additional Data can be found in Appendix B: New Albany EOZ Revenue Sharing

The EOZ areas provide insight into the breakdown of income tax collections within the Business Park.
