July 4th

Officers worked the parade and 5k run in the morning along with the festival leading up to the fireworks in the evening. Our third shift officers were honored at the start of the 5k run for their bravery during the active shooter incident earlier this year. The department also held its annual barbeque for staff and their families to celebrate the holiday together on their long work day.

Cops and Bobbers

The department hosted its third annual Cops and Bobbers Fishing Derby this month. Officer Kelly organized the event at Bevelhymer Pond and it was very successful. There were three award categories this year: biggest fish, smallest fish and highest number of fish caught. The department would like to thank the many community sponsors that came together to make this event special for all the young fishers involved.

Training

The department held active threat training for officers and dispatchers at the schools this month. Officer training within the school district is scheduled annually to ensure that they are familiar with the school campus and know how to gain access to the variety of facilities. It is imperative to train officers in responding to active threats and provide them with realistic training scenarios. The New Albany Plain Local School district has consistently allowed the department to train on the school campus and their partnership is appreciated as we strive to fulfill our mission of protecting the community.

APCO Conference

Emergency Communication Manager Lybarger and Dispatch Supervisor Welsh attended the 2025 APCO Conference this year. The conference allows for different professional development opportunities as well as networking opportunities for dispatchers and supervisors. They attended many educational training sessions, special events and product exhibits.
